Droleens Rampage

An Immram Ephrem the Yurodivvy

Introducing: Geoffrey 'Droleen' Corksworthy

DROLEEN

Hello, Ghost cat, was that you howling in the dead of night on Halloween?

AN CAT BÁN

Yes Droleen. I am not a tame cat. But a Cat Sí

DROLEEN

I apologize that I have no raw milk for you to enjoy.

AN CAT BÁN

Nobody is perfect, DROLEEN.

DROLEEN

I suppose you are going to send me on a Vision Quest? A Walk About?

AN CAT BÁN

Have you heard of Bird Humour? It's not for cats I'll tell you that much.

DROLEEN

You mean like Nahuatl hawk law? Speaking the truth so that the birds and animals confirm it but none of the bullies can understand it? Cleena's gift of the Blarney? To deceive without offense?

AN CAT BÁN

My you're simple. Meow. Meow. Did you know that the Chinese word Miao is a Han ethnic slur against the Hmong people? It means a weed. I guess ripe for plucking.

DROLEEN

Wow, you want me to Nit-Pick their whole colony apart with Humour? That

sounds dangerous.

AN CAT BÁN
Here is your official poetic license to bring about poetic justice, aye. Do be a dear and see to being thorough and consistent, as possible.

DROLEEN
Ain't nothing an old country boy he can't hack.

AN CAT BÁN
There you go, you've got the idea. It will be a difficult place to be for a while.

DROLEEN
Well, in this hour of darkness there is still a chance that they will see.

AN CAT BÁN
Don't bear your teeth before you can roar, Droleen

DROLEEN
Fair play to you, Ghost Cat. Don't fall into the moonshine again...I reckon I'll use my Christian name Geoff Corksworthy and take Los Angeles by storm, then get out while the gettings good. See what the country people need to know.

AN CAT Bán
And remember, to find out also what Hawks and Parrots outside of cages need to know. And Pangur Bán Irish like me who are not allowed to go home and fit nowhere else. LA is no place for Pangur Báns nor for wild geese.

DROLEEN

I'll hold off on using that Pangur Bán humor then?

AN CAT Bán

My advice to you is this. If they ever get you play the eejit.

DROLEEN

The love all disappeared when Grandma died. There's nothing tying this hunchbacked redneck here no more, Mogh Ruith Aoidh Ruadh.

MOGH RUITH AOIDH RUADH

Well, hitch-hiking six hours to comedy open mics isn't gonna lead to any kind of success if my life is any kind of lesson to you, Nowich. Look at me. You really got *it*. You really got it in you, don't you?

DROLEEN

So Los Angeles or New York City. Both Terrible places. hey proud boys you ever heard of a petrol bomb at your grandma's house? In't she living at this here address, you proud boy Lug Nutters?

MOGH RUITH AOIDH RUADH

I love petrol bombs, theyre a great mixed drink! And your comedy directly attacks slick New York and Hollywood Filth. Redcoat propagandists. All the sleaze that's fit to pounce.

DROLEEN

Well it sure is different...but you saw how that one couple was laughing

MOGH RUITH AOIDH RUADH

The one couple at the open mic you mean besides the staff and the 4 of us? The feature artist's cousin?..... Hollywood comedians get the joke right after six takes. I never get the joke right.

DROLEEN

Yes, they know a redneck when they see one.

MOGH RUITH AOIDH RUADH
Yes, Nowich, you are a *real* redneck. Not some Hill Billy Trash, Proud Boy Lug Nutter, Red Coat. You are A Munster Irish hill folk person, son. Your grandmother so poor, she tried to bake a pie by turning on the heat only at the beginning of baking and letting it sit in a warm oven. Rest of your family so trashy they act like they don't know what she mean. Except your dad so sold out, he just stops visitin. You still angry 25 years later, like a real redneck with a serious grudge against your Syracuse Orange Dad. Feed them to the gators. Miko, Claim the Land.

DROLEEN
I like real forests and mountains that ain't strip-mined. Unlike all these Hill-Billies with their Burner-mobiles burning extra fuel trying to bring us to MAD MAX apocalypse now...again. Squirrel in Algonquin, Chief in Cherokee, Miko, CLaim the land.

MOGH RUITH AOIDH RUADH
Like you said, if we're talking Mel Gibson films, it's APOCALYPTO or MAD MAX, the only choices there do seem to be. And only BRAVEHEART can save us now. Miko Claim the Land.

DROLEEN
UNITE THE CLANS! It's 9 to 5 DOLLY PARTON or Handsy Boss DABNEY COLEMAN.

MOGH RUITH AOIDH RUADH
It's WATERWORLD or ERIN BROKOVITCH as our Big Chief!

DROLEEN
STAR WARS: It's Dagobah or Coruscant.

MOGH RUITH AOIDH RUADH
AN INCONVENIENT TRUTH or THE ART OF THE DEAL...

DROLEEN
ANNE OF GREEN GABLES (CBC VERSION) or CHARLES DICKENS Great Again!

MOGH RUITH AOIDH RUADH
Nowich, they still don't even know DANCES WITH WOLVES is racist AF! ! Todavi'a gringo!!!!

DROLEEN
White savior motif or Angry Black Woman meme...

MOGH RUITH AOIDH RUADH
I wish I could journey with you but Los Angeles is no place for an Old Blind Druid Comedian. They are ablist AF.... against the Chumash and Tongva peoples AF. LA RAPe-Artists so woke, they don't GAF about about Tongva Lives matterin. You smoke weed? You smoke a lot of weed? that's all they care about in outer space, can't even fit on a human spectrum outside the scope. How do you cope? Wait til the wise women sick the Ghost Warriors on them to make up their penances.

DROLEEN
Ablism, Why would you hate on people just cuz they can't do something same as you? Redcoat Billy Boys. Ghost Warrior penances from the wise women like a holy war of War Eagle and Algonquin Squirrel Clan of Three

Oaks Growing together?

MOGH RUITH AOIDH RUADH
I've heard the entire West uses easements to override compliance with the Americans with Disabilities act.

DROLEEN
What in tarnation does that mean?

MOGH RUITH AOIDH RUADH
It means those Ablist White Karens don't GAF about Disabled B-Words like us.

DROLEEN
If you play at being the most progressive city but really you DGAF about Disabled B-words, you might be a redcoat, ain't that right Mel Gibson's PATRIOT?

MOGH RUITH AOIDH RUADH
A blind old man sitting down sees more than some casting couch; Rapism-lifestyle; 49er coloniser trash.

DROLEEN
Well little as a wren needs, to piss, still GEOFF CORKSWORTHY must be pissing off.

MOGH RUITH AOIDH RUADH
May Hakan Tanka bless you and keep you.
It's Business as USUAL or the word of Almighty God.

DROLEEN

Thanks be to GOd. Listen, Mogh Ruith Aoidh Ruadh, if my comedy mission to LA fails, we'll have to do it your way against these neo-Redcoat sleeper cells of British Terrorists. Ghost Warriors paying off blood debts in a berserker war. Never forget Cormac mac Art dried up all the rivers of Munster.

MOGH RUITH AOIDH RUADH

You ever seen the LA River on CHIPS? Totally dried up, paved over, like a drainage ditch. Frank Poncharello and John Baker.

DROLEEN

SEVEN MARY THREE and FOUR, we need a motorcycle chase in the LA RIVER.

MOGH RUITH AOIDH RUADH

SEVEN MARY THREE and FOUR we need a motorcycle chase thru a skate park. Once was a river. Now a drainage ditch, like they treat they woman, Cum Buckets for their womens, Drainage ditches for their rivers. THe only planet with life. RIvers the bloodstream of our planet.

DROLEEN

I will miss you, Blind Druid.

MOGH RUITH AOIDH RUADH

It's the blind leading the blind, Three Eyed Crow.

AOIBHELL

You hitchhiking out west?

DROLEEN

Yeah, LA.

AOIBHELL

You don't really wanna go there, do you? It's a dangerous place.

DROLEEN

No, I don't, but I am a comedian.

AOIBHELL

Well, I can take you maybe half the way, then I am heading up to Standing Rock, to see how British Petroleum's Keystone program is going.

DROLEEN

Keystone program? you meanKeystone XL?

AOIBHELL

Yeah, by the time I am done, even Henry Kissinger will have to admit it breaks the Treaty of Utrecht, what they are doing.

DROLEEN

Wait, it breaks the Treaty of Utrecht? And the Fort Laramie Treaty?

AOIBHELL

Yeah, and the geneva convention, because the long game, the Canadian

BRitish fracking will leave New Orleans ruined and tether Europe to british petroleum speculation forever, well until the clean nuclear at least.

DROLEEN
Like George Bush's Clean Coal? HAHA

AOIBHELL
Exactly. While the white Karens of the RAF are telling the world Solar is the future, their cousins are putting private armies against the Lakota and Wetsuhweten, even though the Supreme court of Canada was overruled by their redcoats working for BP,British Petroleum, called ARCO in the States.

DROLEEN
I don't understand...How Does that all break the Treaty of Utrecht, wasn't that mostly France and England?

AOIBHELL
Well it was that war drove the Métis Cajuns or Accadiens down to New Orleans, and this Keystone project will ultimately poison the lands they were driven to and now call home. It's like chasing your enemy after signing a treaty. Like when Britain bombed that Irish TV station and set up The Troubles.

DROLEEN
How does the rest of Europe play into that?

AOIBHELL
Well, they are stirring the pot in Ukraine, the Americans and the Brits, because Russia's Nordstream pipelines are almost complete, and that would mean after Britain angered all of Europe with Brexit, Russia would

cozy up to Europe with cheap energy. So britain made a Pale within the nation called Ukraine, propped up some schismatic Nazi Ukrainian Orthodox Christian leadership to create a new sectarianism, and will probably at the first opportunity destroy Russia's pipeline, voiding the sale of Alaska to the British Americans.

DROLEEN
Ah, so the Keystone of their plan is the Pipeline through Turtle Island, Wetsuhweten, Lakota, the Bayou. Operation kill the mississippi River valley, the Mississippi Delta and Ultimately destroy the Gulf of Mexico too.

AOIBHELL
Surely, and they already struck with the BP Deep Horizon scenario. Just a fine from the courts, a carbon tax I guess they'd see it as.
5 Million Barrels
87 Days
They forgot to check the Batteries?

DROLEEN
With all those pieces, I imagine it even breaks the Treaty of Paris that led to the founding of the United States as a nation.

AOIBHELL
There is no tide, however great, that does not ebb away. The gangs are everywhere you walk. It's not a huge amount of territory to cover.
'Street Level'.

DROLEEN
Remember Kinsale, Remember the San Patricios.

AOIBHELL

Let's stop at this gas station. You want something to drink? My treat.

DROLEEN

There's a few things I just can't understand.

Right, it said on the Tourist guides in Compton, LA, you know Straight Inta Compton, I hitchhiked, just because of the sign of Jonah, you know?

It says, on them signs in Compton the soldiers went away to war, and then compton got trashed

GUN CAT WARRIOR guy with gun

Oh,yes, I heard that too. Same war they were doing chemical experiments on those same black soldiers.

DROLEEN

Jesus Hibernian Christ! Yeah, but at the same time the top British Finance guy planning their post war effort is called Cripps, Sir Stafford Cripps, holds his pipe just so. Has just kind of an intense look in his eye.

GUN CAT WARRIOR

Yes, their Cripps school to prison pipeline a lot like David Hamilton describes the Ulster Volunteers, like the child soldiers in Africa meet the Ulster Volunteers.

Like Pimp Volunteer forces. Probably not very nice for those that do not get with the program, like child soldiers.

DROLEEN

And the British Empire just disappears overnight as the United Nations replaces it without changing any alliegances?

GUN CAT WARRIOR

Well once every colony is loyal to money, it doesn't matter much what you call it. It's all in the game.

DROLEEN

What is hidden will be found in the marketplace....

DROLEEN
What do you think of it all these days?

SACRED HEART
It's like there's two kinds of people,Public People and Private people.
You have to read Public with a bit of a snobby sneer to hear what it really means. Public Interests, Private Interests. Their shit doesn't smell.

DROLEEN
Like the Romans, Patricians, the Private Citizens, the real citizens, the Corporate Boards of Directors. Directors!
And the Public, the Publians, Jaysus H. Christ, it's not even a different word!

SACRED HEART
Three types, then the slaves, the dray-humans. It's like all the worst of rome and the vikings. Fake news to cover the rest up. Slaves and their little toys, slaves of the slaves.

DROLEEN
Oh, yeah, that's what a shorty or a b-word means. Shorter people, younger people, weaker people are fit targets. New York Times, All the News that's Fit to Print. York Times, all the Pudding Fit to Eat, Older York times, Alcuin of York, Charlemagne's Cover-up strategist.

SACRED HEART
The water we breathe. Art Spiegelman's Maus.

DROLEEN
We'll need gmo gills. you get you some gills for waterworld.

SACRED HEART
Laughtrack...transhumanism.

DROLEEN
It was Cecil Rhodes who said the nextphase of colonialism will be language based supremacy, not color based supremacy

SACRED HEART
That's because RAPISM, HOUSEWIFIZATION, RAPISM is a much bigger problem than racism. The English can always find western chauvinist men to do their bidding. Proud boys, Latin Kings, Cripps. The brits can work with that.
If you listen to all the women, red and yellow black and white, and their testimony it all amounts to a racism construct avoiding the real issue of Rapism. Dominator men asserting rights they derive from their pecking order of their peckers.

DROLEEN
The one eye that poisons everything. Poison Glen himself.

WEEPING TIAN BAYOU BRIDGE
Nobody needs badly behaving men, nobody needs the adult men left in the world. What do these men do exactly? You could kill all those fellas and we could raise a whole generation of new young gentlemen and have no problems ever again. Fathers for the future who respect women and children.

DROLEEN
Planet earth is a woman. They Never never never ban fracking, I guess. I

guess it's totally safe to play with the delicate tensions that make up our pressurised planetary core, what could go wrong?

WEEPING TIAN BAYOU BRIDGE yin yang woman
Certainly not cascading earthquakes...

DROLEEN
Earthquakes are easy to handle, it's the economy we have to worry about?

WEEPING TIAN BAYOU BRIDGE
The wise old man sitting down, if he still exists, can see a lot more than some hotheaded playa up in a tree or a skyscraper.

DROLEEN
Tian. The sky gave no consent to be scraped.

WEEPING TIAN BAYOU BRIDGE
Tower of Babel gringos never learn. Make the fence or pay the plunder. Scrape Culture. Don't take a six for a nine.

DROLEEN
So, when it says a King on your neck it means you raped somebody?

YOU DON'T CONFRONT THAT
A child. It means raped a child. That's a king. Hell yeah, I's a king.

DROLEEN
So, when it says a King on your neck it means you raped a child?

YOU DON'T CONFRONT THAT
You don't confront that...

DROLEEN
So, when it says a King on your neck it means you raped a child?

YOU DON'T CONFRONT THAT
It's a private matter. You mean like Latin Kings? Sure lots of cops have fraternal organizations they belong to.

DROLEEN
Is it true you have to rape a child to be a cripp?

YOU DON'T CONFRONT THAT
Yo I's a cruppp. Yup. A Lifestyle choice.

DROLEEN
And you have no problem saying that on the job at this hotel and throwing gang signs to confirm it all at once in plain view?

YOU DON'T CONFRONT THAT
Yo I's a cruppp. Yup.

DROLEEN
You heard of the Hucklebuck?

YOU DON'T CONFRONT THAT
You mean the Brokeback Slave Buck?
Which kid, you got Quarterbucks they groom them coach em up,

Dimebucks not just the Nickle slot guys, Wide Receivers are a dime a dozen. WHy you's just a Huckleberry Finn yourself ain't ya?

DROLEEN
If you think the old original gangster language of the same old human traffickers is the new woke, you might be a red coat.

YOU DON'T CONFRONT THAT
You must have some kind of death wish. You don't say that out loud.

DROLEEN
Caifornia sure does a good job of pretending not to be built on a colonial Rapism platform.

SACRED HEART
Yeah those LA 49ers nearly wiped out 165 Nations before Orange County Arrived in 1889.
They all think they the Lone Ranger still. They all brokeback moutain really.
How brutal ya gotta be to wipe out so may nations so fast?

DROLEEN
And PICO's Order?

SACRED HEART
You know, after Cleena sank the spanish armada, Catholic Spain had to make some different decisions, make a peace to some degree. You know all the chicanos have a history they aren't learning there. Us Tohono O'Odham saw the whole thing.
Like when your man Hugh O'Connor attacked us for spain in 1776.
And like the mass grave in Tuscon where I was murdered, which has

Mexican Irish Mixtecos like Escobar and O'Neill.
It's not a simple story, and more than half has never been told.
PICO was the last Spantexto governor of California. It was Catholic. He got swindled and treated with scorn like all of us. That's the kind of stuff they like to make people forget, how badly they treat the sellouts after...

DROLEEN
So they had to conquest the native tribes then the mixed catholic native descendents twice?

Tío SACRED HEART
They didn't have to. But yeah, there's been conquest then reconquest. Then they kind of maintain the conquest or clampdown, I guess, with false promises

DROLEEN
DAYUM, I guess it didn't work out great for you.

Tío SACRED HEART
No, Nowich, it sure didn't. If it's bad in the lowlands it's worse at the summit.

DROLEEN
I thought there were some people that thought women and children get protected first not last. Then I started asking homeless veterans about how many they raped in Vietnam and Korea. This one guy said 800 and he killed 800 more and starts chasing me down the street, presumably for being too Asian myself?

HUAN DI

Whoa boy! Well that's what happens when you leave out the legacy of slavery from your history books. You think that's a thing, sure. It ain't what happened, Arawak woman could tell you in Hai'ti or the Dominican Republic, a partitioned island nation, like. Columbus was no hero. When they say 'women and children first' or 'focus on the family' they mean the opposite of what they lead you to believe...

DROLEEN

That one guy said he raped 800 in vietnam and killed another 800 then chased me down the street, ran into a pole. the white lady stopped to help him up so he could keep chasing me. Where everybody knows your name...

HUAN DI

So it ain't the soldiers protecting women and children like they movies say. Just like cowboys. 49ers...Kings. Those cowboy films the biggest bunch of blarney you ever seen.

DROLEEN

Focus on the Family, Grab em by the pussy, bait and switch.

HUAN DI

What do you think a switch is, boy?

DROLEEN

a sally rod? A bata scoir?

HUAN DI

Sure that's what they'll admit to. Speak softly and carry a big stick. Don't pass the buck,teach that buck a lesson about who master is and who the B-

word is, a trick. Whoop that trick. Trick or treat, massa's stick or massa's carrot. Don't be a blowhard, nurse massa's cock, make it last.

DROLEEN
They'd probably say that's a private matter.

HUAN DI
Ain't nothing changed, Ree na NEayn. Stole your eggs, changed your story. Yu Ming is Ainm Dom.

DROLEEN

DId you ever hear about American police getting killed and no one raised a stink?

SANGRE DECRISTO

You mean like the two cops killed when the Proud Boy sleeper cells of English terrorists attacked Washington DC

DROLEEN

Exactly, two cops dead and everyone is pretending Trump and Steve Bannon Didn't order sedition

SANGRE DECRISTO

Fake news works for everybody I guess.

GOLIATH

Ok, lads, that's enough sedition, pack it up and shut your pie holes or you know what i mean.

DROLEEN

I don't know what you mean.

GOLIATH

You see where it says Pat-Roller on my shield here? It means i get to roll paddies like you for disturbing my peace.

DROLEEN

Do you mean the positive peace which is the presence of Justice? or the negative peace which is the absence of tension, sir?

GOLIATH

I can see you're a real comedian. Shut your paddy mouth before you learn what I mean.

DROLEEN

Is ree gach slawn... I am a real comedian, just joking overseer. Working on my material actually. Do you like Rush Limbaugh? A huge inspiration for me, especially his history books.

GOLIATH

Hell yeah, I dig [Ian Paisley] Rush Limbaugh, used to listen all the time.

DROLEEN

Well I came out to LA to try to be a comedian. Rush Limbaugh meets George Carlin with a bit of Dick Gregory for some color.

GOLIATH

Have you tried the open mic down at that comedy club the Tow Away Zone. They've got a great red curb special o drinks. Lots of LA cops came out to LA to be comedians like Rush Limbaugh or Sean Hannity, but you know, not everyone can be the Bill O'Reilly or Cecil Rhodes of comedy.

DROLEEN

Thanks for the tip! I will add that to my open mic list.

GOLIATH

I heard you don't even need to suck a dick to get a slot there.

DROLEEN

Perfect, I don't suck dick.

GOLIATH

And you expect to be a comedian in LA? Now I believe you're a comedian. [LAUGHS] Carry on, Lads, good to meet some enterprise minded artists for once.

SANGRE DECRISTO

Once three people know, it's no longer a secret.

DROLEEN

If you like quartering soldiers on civilians, you might be a redcoat...
If you like your women seen and not heard, you might be a redcoat...
If you think might makes right, you might be a redcoat
If you think the Ghost Warrior men better make up their bad karma in a berserker jihad against the redcoats, you ain't no redcoat. at least thats what i heard from the wise women.

SEANCHAÍ HECKLER 1

Who let this comedian into the comedy open mic? Shut him up.

DROLEEN

If you like silencing reasonable dissent, you might be a redcoat...

SEANCHAÍ HECKLER 2

You're joking right? This fella needs to suck a dick.

DROLEEN

I thought this was a comedy open mic night? Is joking not allowed, ya white Karen?

SEANCHAÍ HECKLER 2

You're a racist!

DROLEEN

If you have no idea that racism is an apartheid caste system you might be a redcoat.
If you call other people racist for racism against the redcoat race, you might

be a redcoat.
Who likes American football out there? How about rugby? American Football is rugby for slaves, slave rugby. It's true, they put scottish rednecks called Jocks in underpands with no ass and called it a jock strap. The old grid iron? 1 yard squares on a slave practice field. Stay productive you don't want to be sent to the locker room for some necessary roughness...

RESISTANCE IS FUTILE
Thanks very much Jeff Corksworthy, your Two Minutes of Hate are up now!

DROLEEN
Don't send that slave back to square one...Check me out, y'all I'm featuring down at the Tow Away Zone on the 21st of June. Bring all your redcoat loving Freedom Loving dickhead friends. It will be hilarious. No freedom if the women ain't free.

RESISTANCE IS FUTILE
I guess no one can take a joke these days, feel free to steal that line.
Featuring tonight remember, we have Viking Biker Chad...

DROLEEN
I started making jokes about americans wearing 1776 tshirts

WEEPING TIAN BAYOU BRIDGE
Ah yes, the real americans meaning the redcoats,if we go by political platform or content of character...
Well I don't wear that cotton empire fabric myself. Don't care for their cotton empire fashion brands either.
It is what it is, not what they want it to be. These Original Gangsters are

Massa's original whipcrackers. They called Huckleberry Hounds. Stroking the populace for Boss Hog in their giant pig pile keeps the currency flowing in their giant casino they call the free market.

DROLEEN
Who's gonna protect black women and children from those n-words? Their word for it not mine...

WEEPING TIAN BAYOU BRIDGE
You are. Make history, Brer Gabriel. They have no idea what they f-wording with. Father of the year.

DROLEEN
LA has shown me that all the so called Gangsta's are a bunch of cocksucking mack daddies making children jump in pain. I was told to play the eejit idefinitely. So i went quantum in my logical constructs.

WEEPING TIAN BAYOU BRIDGE
Quantum brain is called women's work.

DROLEEN
Those OGs call it b-word stuff. B-word stuff.

WEEPING TIAN BAYOU BRIDGE
well that's just part of their baller game. Ain't nothing changed. We can't say no to anything! We be the slaves of the slaves!
Who's gonna protect us third rate females
from you blackfaced johnsons
Get yourself a Sally like me
THe S with the two L'safe

The American Dollar
Dollar her up with our make-up kits
or buy your Sally or Sallies
an upgrade for the complimentary
white all-purpose dress she comes with.
Moving north with your Sally?
Consider buying her a woolen coats
with bling or without
Your ride around Sally will
Ride you without grumbling or complaining
like your wife does
All she wanna do is Ride Around Sally
Ride, Sally Ride
After midnight we won't keep you beneath
the floor boards, a trapped ho
After midnight Sally gonna let it all hang out
Every man has a right to a side piece
Own your own Sally, a Dollar
For the price of 10 tencent hoes
You can own your own.
I ain't b-wording you, these b-wordes are b-wording, but not b-wording
Ride your Sally up all the front nine holes
and the back nine too

DROLEEN
Why the caged bird sings....

WEEPING TIAN BAYOU BRIDGE
Slam, let the boys be boys.

DROLEEN
It's all in the sports and the Rapism music. American Football slave rugby, NO f-wordING LOSERS allowed.
Just the owners and their big bucks for sale or trade. And the big bears too. Bear down, grin and bear it. Put your hand onthe ground, and don't move until Massa says, keep perfectly still like a good slave with your ass in the air in the three point position which opens the rectum.

WEEPING TIAN BAYOU BRIDGE
America's Past time.

DROLEEN
Thanks to both of you for coming out to my open mic comedy feature here at the Tow Away Zone. Feel free to heckle. I can take a joke if you can. Let's air it all out. I'm a redneck who makes redcoat jokes. If you don't like that, take me down a notch, put me in the neck stocks and have the whole town rape me while calling themselves puritans. LAUGHTRACK HASHTAG NO HE DIhn't.

If you think slavery was an employment strategy or still is...you might be a redcoat
if you afraid of simon bar sinister asking for his inheritance...you might be a redcoat
If you think Laissez Faire Anarcho capitalism Libertarianism is Woke as f-word... you might be a redcoat.

SEANCHAÍ HECKLER 1
Free markets, free world.

DROLEEN
There's a Mark. Who's got a better con than the idea of free markets. Like the british opium wars in China, or the USA in Afghanistan.

SEANCHAÍ HECKLER 1
This redneck ain't american.

DROLEEN
How about american football is that american? Slave rugby.
The Quarterbuck stays in Massa's house and gets groomed. Don't pass the quarterbuck, don't pass the buck.
Make sure that quarterbuck shows poise even under pressure.
Buckbreaking with massas gamecock up the dimebucks Ohio State Buck Eye, a b-word-ass Hucklebuck buckbroke by buccaneers.

Is Buccaneers any better as an NFL team name than Redskins? We know racism is wrong but celebrating Rapism like Buccaneers implies is all in good fun? Right JOnathan Swift? Buccaneer is no different from Raiders or Vikings either. That's still what gangsters mean by a king right? Like the LA Kings? Shame on you Wayne Gretzky, putting them on the map.

The O-Line, the D-Line, subtle isn't it? Slave Rugby...

SEANCHAÍ HECKLER 1
This redneck ain't american.

DROLEEN
If you think you can get away with genociding everybody's families and

changing the story, you might be a redcoat?
What a great time everyone had back then, let's make it great again.

CHeck out more of my bird humor on my vintage eight track casettes. even better than vinyl, they all say.

DROLEEN
You know that attack on washington, two police died, and the press basically swept it under the rug?

GOLIATH
Cost of doing business. Feed em to the wolves.
TRUMPS ATTACK ON WASHINGTON
COPS DON'T EVEN AIM THEIR GUNS
THEY RESIST NO HARMING THEM
WINK AND NUDGE AND GRIN AGAIN
JUST LIKE THE FREEMASONS...

DROLEEN
KILLED IN THE LINE OF DUTY
ATTACK ON WASHINGTON
COP FATALITIES
NATURAL CAUSES LIKE GEORGE FLOYD
BLUNT FORCE WEAPON, CHEMICAL SPRAY
KILLED BY KING TRUMP'S GOOD OLE BOYS

GOLIATH
COME ON NOW, TRY TO BE DECENT, I'M NOT SAYING YOU HAVE *NO* RIGHT TO FREE SPEECH...

DROLEEN
you ever had a man say, 'you just need to suck a dick?'
I've heard that phrase more times than i can count.
what exactly does a man who says such a thing admit about himself?
What are the terms by which i need to suck a dick exactly?
What are the terms all these other fellas saying it live by?
I am not sucking any dicks in this lifetime thank you very much.
A very common phrase?
Is that what 'you know what to do' means when the rapper sang it?

YOU DON'T CONFRONT THAT
You don't confront that.

DROLEEN
So there's rules?

YOU DON'T CONFRONT THAT
It's a lifestyle, a private matter.

DROLEEN
Not when it is verbally sexually assaulting us people that have no idea what the f-word you are talking aabout?
It's quartering soldiers and all you pimpdaddies think you soldiers right?

YOU DON'T CONFRONT THAT
You Don't confront that. Shut your b-word teeth mouth

DROLEEN

b-word mouth, that means an implicit threat of violence right? A mouth that is there to suck the Bros dicks? Everytime you fellas say Bro, it implies a sexual relationship true or false. WHen you say that other b word, it's a verbal rape threat every time, innit?

YOU DON'T CONFRONT THAT

You don't confront that.

villified, kind of men who make children cry
what's up with all of you gangbanger guys

DROLEEN
Truth is illegal. Doing things right, doing the right things, the right way is illegal. Life is illegal. Creation is just a bunch of crops now.
Like the human milk they are making a bioengineered product, probably because it isn't animal based, it's part animal part machine, like dead baby medicine. Right covid?
Anyone notice how the churches all stopped condemning stem cell research? Did it stop being a sin like moneylending at interest and slavery?

If you think cloning people and banking and slavery aren't exactly sinful, you might be a redcoat.

SEANCHAÍ HECKLER 1

DROLEEN
Well they say if you don't support Ukraine, you're a real bad sort of person

SEANCHAÍ HECKLER 1
I Support Ukraine

DROLEEN
Did you ever notice how they had another pipeline ready to replace the Russians Nordstream pipeline and steal all that fracked gas action?
It's called the Keystone of their plan and the Louisiana Bayou is the perfect bridge back to European hearts since they can't live without killing something else.

SEANCHAÍ HECKLER 1
Who are they killing?

DROLEEN
The Lakota and the Louisiana bayou, they'll be no fish left in the Gulf of Mexico by the time British Petroleum's man Joe Biden ia thru with his railroading I mean laying pipe on the rest of the American COlonists of Turtle Island.

SEANCHAÍ HECKLER
TREE HUGGER! Commie Lover! THat's the problem with the commons,not enough for me!

DROLEEN
I hate communists, they already helped the West clear out both Ukraine

and Russia. Why would Russia sell Alaska? THey didn't, your puppet governments traded it back to yourselves like Louisiana. The communists knocked down 75,000 Russian ORthodox Churches. It's all wargames over oil. Joe Biden said he'd never never never ban fracking, who do you think he works for?

SEANCHAÍ HECKLER
Let's Go Brandon.

DROLEEN
Yeah well Brandon's family has been loyal to King Henry and John since 1177 at least. You know, right when they are building their Notre Dame Cathedral with Irish oak trees. The long awaited hope and history rhyming, doochas agus do'chas

SEANCHAÍ HECKLER
Focking Frankish Norman Viking Catholics. Always hoping things rhyme that don't. Let's go Brandon.

DROLEEN
Sure, Joe Biden must be the same as the Native Mexican Catholics, right, the MAYA MEHICANAS in those Baptist owned concentration camps at the border. Joe is the same kind of catholic as the Mexican Slaves he ships over the border daily.

SEANCHAÍ HECKLER
Doesn't everybody hate Catholics?

DROLEEN
If you think everyone hates Catholics or ought to, you might be a redcoat!

DROLEEN
Parents of the Corn. Well the birds are my clients in my bird humor mostly. The open mics are just practice for my bird law practice of humor.

IZTACIHUATL
Yes, that's how it's done. The birds dance under the moon and she watches them.

SACRED HEART
You can't make standup about natural law and redcoats, fella, you'll get guns pulled on you, thrown down in the street, beat downs, hit in the head with blunt weapons.

DROLEEN
Oh you mean the Gauntlet thing that Mike Tyson was selling for the Albanian Mafia? When people pull gun, i just lift my shirt up and yell, 'Go

on and shoot.' Like J-TENN Arizona plate lol.

SACRED HEART
That's not comedy, that's international intelligence.

DROLEEN
What's the difference?

SACRED HEART
Big Brother is difference, there's a reason we're silent, muchacho. How widespread is the 'culture' if Epstein Island and top Bankers and big stars [NFL HOLLYWOOD] are all in play? Hip-hop culture prevalent. Same thing... Epstein Island Content Marketing and local distribution. Playas. Pimps. Pimp plus daddy?
Widespread enough to have the kind of distribution that would feel like being chased if same heat was applied in all places. hence 'stalked' without 'stalkers' generally. But still targetted individuals they call them. A Gauntlet. N-word shit. Players and played. Put him thru the ringer. A Gauntlet on a targeted individual.

DROLEEN
Smallpox blankets. Blankets for land?

SACRED HEART
Nicest way to say it at best. Homelessness is the first thing they create. Messing with homeless people, perfectly natural for the same colonials who used the neck stocks in a rape position, and same with SLave Rugby football.

And that concludes our film. Ask yourself, Have the meek inherited the earth yet?

Guanyin and Huan Di

GY: There are riders approaching the village, we must evacuate!

Red Lady: Go find your husband! I will round up the children.

Redcoat: Hello ladies. You're coming with us.

GY: I will slice my face and bleed to death before you have me

Redcoat: Seize them!

HD: They took Guanyin!? Which way did they go?

Krisna: You cannot follow, they are well armed.

HD: I will find my GuanYin. All the children are gone?

Krisna: Every last child.

HD: China will be under the British yoke until the Tian Ming Emperor returns.

Krisna: Hush, don't let them hear you talk like that.

HD: I will speak the way I wish. Do not tell Sifu how to talk. You are no different than them.

Krisna: Prudence, Huan Di.

HD: Guanyin is enslaved, it is no time for prudence, Pin Yao.

Krisna: I will pack you some food for your journey, Sifu.

Ho Queen: She no good to us like that. Not a comfort woman. We high class hoes, not bargain basement blue light specials.

Guanyin: Selling people for labor is against Universal Dao.

Red Coat: Well take her anyway, find some use for this trash.

Guanyin: Revenge will remove you British Drug Lords from the earth!

Ho Queen: All right. My escort will see to the fee we agreed on.

Guanyin: You will awaken the dragon.

Red Coat: Right. Tally, ho?

Guanyin: Wait for the day the Green Dragon awakes.

Ho Queen: Good luck with the child dealers, they are a dime a dozen at the moment, so don't expect much.

Guanyin: Harm a child, fed to sharks.

Red Coat: Well we have more than enough 5 cent china men to make up for the loss at the free market. Child traffic is just part of our market penetration strategy. A dreadful necessity. Dreadful business.

Guanyin: The Green Dragon will burn you alive for your crimes. Erase you from existence.

Ho Queen: I'm a business woman. Let's not pretend at moralising. Word is

Lin Zexu is about to lead a resistance.

Guanyin: Help me, Huan Di! Where are you my Huan Di!?

Red Coat: Yes, well, we will show that Oriental terrorist just how powerful opium is.

Guanyin: I chi bing bing.

Ho Queen: Shh, we are calling it Laudinum now, we'll get the whole world hooked on our new pharmaceutical product.

Dockworker: Sifu, I saw her, yes. She was on comfort woman ship, leaving for California.

HD: You will find me work on a ship to California?

Dockworker: Yes, sifu. Whatever you need, sifu. We heard much of your Kung Fu in my village. Your family for so many generations trained the country side. Now there will be no country side ever again

HD: Some day, when the cuckoo appears, the Green Dragon will unite the opposition to these Brits.

Dockworker: Take a miracle, sifu. Everywhere, our women and children and men shipped out separately. What is hidden will be found in the marketplace.

HD: Let's see your boxing and I will help you if I see any areas for improvement.

Dockworker: Xie Xie, Sifu. Let's find you a boat first, then I will take you home for dinner with my mother and wife, the boat I will get you on will depart in three days. Then you can teach me some boxing.

Lass: When we get to California, we will all be whores. Madame likes us fresh off the boat because better prices for quality control.

GY: And this California is full of these comfort women?

Lass: Yeah, it just kind of goes without saying there and many other places.

GY: And they speak British there?

Lass: Yes, they speak British like some old kind of british that moved around a lot.

Huan Di: We cannot let the boat make it to a British California port. We must take over the boat and steer it when we get close enough.

Sailor: Whatever you think is best Sifu, that would be easy enough with our Chinese crew.

Huan Di: Yes, well Sifu has been seasick now for weeks. The cannabis is help ease the nausea. Xie Xie.

Sailor: We are all honored to help you in your quest to save Guanyin, Sifu.

Huan Di: The British Californians are just British with a different accent then?

Sailor: The Captains of British Industry enjoy the climate of Tongva Cousins land.

Huan Di: Green Dragon will arrive as a feathered freshwater eel.

GY: They are sending me to a place called Tuscon, Arizona. They have enough whores there to require personal stylists. So I am to cut whore toenails for the rest of my life.

Lass: Well Mei Mei, could be working in a kitchen or a laundry. Chinese have no citizen rights in British America. Excluded from the conversation as they replace the African slaves with TransPacific Asian slave trade. They pretend to be different in spite of being exactly the same.

GY: Sense and nonsense, two which don't fit together.

Lass: So nice to be your friend, Guanyin. You really do cut toenails perfectly, all the comfort women agree. No one is better than Sifu Lady.

GY: More Kung Fu lessons in the moonlight while the captain is snoring drunk.

Sailor: We'll land the boat in that cove ahead, Sifu, just outside of Los Angeles on Tongva Land. If there is a trail to Guanyin, you should be able to pick it up at the port there.

HD: I will get rid of these wobbly sea legs on the journey. Xie Xie, pin yao.

Sailor: Just remember, you can't trust everyone who appears Chinese and poor. They have corrupted the Common People, these California British.

HD: Lovers of gold rarely love the Universal Tao.

Sailor: If you rescue Guanyin, your safest bet is to head south to Mexico, but there is a war on as the California British are stealing Mexico right now, same as in China. If they catch you alone, expect to be put on a railroad workgang. Stealth should rule your movements, sifu.

HD: Xie Xie, hao pin yao.

Guanyin: So this is Tuscon.

Rita: Chuk-son in O'Odham language, by those mountains there. Now it's just a giant whorehouse, called Tuscon. They say they're going to clean up their image soon though.

Guanyin: Put silk on a wolf, it remains a wolf.

Rita: Well your job is hauling shit, cooking dinner, washing clothes, bath attendant, hair and nails for the comfort women. Don't talk, avoid trouble. These men around here don't abide by women getting smart.

Guanyin: Yes, I can see that, smart women would end their rape culture. As it is, only the Green Dragon will be able to save the women.

Rita: Here your Green Dragon is called Coyotl or Quetzlacoatl. They say one day an Irish poet will walk the land and restore the law of the hawk spirits.

Guanyin: Why is the church right next to the whorehouses?

Rita: Two kinds of Christians around here, the victims and the rich fellas. They will probably use the church to clean up their image.

Guanyin: Shameful bastards.

Rita: Shame-less customers.

HD: Yes, the one who cut her own face, that sounds like my Guanyin.

Port: Well sifu. They took that batch of MeiMeis to Tuscon. You'll have to make it across the desert somehow. We did not know the whole story before now. No one will ever forget now. The Common People have chipped in to buy you a horse and some western clothing so no one will bother you. We knew you wouldn't take a gun.

HD: There may be guns needed before this is over. Tell the Benevolent Society Xie xie.

Port: Head to Yuma, then you will make it to Tuscon. If Guanyin is alive, seek refuge among the Yaquis if you escape. They are looking for some strategic guidance in guerilla warfare. Your knowledge will be just what they are needing. Don't stay with them too long. Head as far south as you can, out of British reach for now.

HD: Xie Xie.

GY: Well, I can sew up the slashes, Madame, surely.

Madame: You have so many skills, Guanyin. You are a real asset to our whorehouse.

GY: When Green Dragon returns, no human being will ever be sold again. Empire without end.

Madame: Well for now, we sex workers just have to roll with the punches.

GY: This will sting a little bit, Madame.

Overseer: Keep digging, you worthless _____. Or It's whippings all night.

HD: Excuse me sir, I don't think you want to treat the Common People that way. Huan Di!

Overseer: Look, boys, we got ourselves a fresh _____ for the railroad.

HD: Unfortunately, the poison from the dart in your leg will kill you, Overseer, before you can reach for your gun to take me. Same with your other British thugs. You should be more careful.

HD: Friends of Truth and Justice, I have need of a work crew to rescue my Guanyin from the whorehouse? Any volunteers?

Madame: Guanyin, the whorehouse is under attack from Chinamen. Can you please talk to them and save us, they are going to burn it down.

GY: Yes, Madame….

GY: Why do you attack us, Pin Yao. We are slaves here.

HD: I am looking for my wife, Guanyin. I have heard she has the scars of a warrior now.

GY: And you thought your wife would simply jump on that horse with you and ride off into the sunset?

HD: Time is of the essence, Guanyin. Get all the Chinese women and friends out of there and on a horse with our men here, and we shall ride until there are no more British Californians in sight. Then I will kiss the scars on your face forever.

GY: You chinamen drive a very hard bargain. We whores ask one thing in return.

HD: Name your price, GuanYin.

GY: I require your undying love and devotion, Huan Di.

HD: Well, some day I shall prove my love to you, Guanyin, but until then you will have to deal with my cowardly self.

GY: Deal. Why you move so slow, Huan Di.

HD: I must not love you enough, Guan Yin.

GY: I will teach you then.

this connexion is the following reference to Suibhne Geilt in the early Irish lawtract entitled the Book of Aicill. 'Three were the triumphs{buadhd) of that battle (i.e. the battle of Magh Rath) : the defeat of Congal Claen in his falsehood by Domhnall in his truth, and Suibhne Geilt having become mad, and Cennfaeladh's brain of forgetfulness having been taken from his head. And Suibhne Geilt having become mad is not a reason why the battle is a triumph, but it is because of the stories and poems he left after him in Ireland.'

If, as I think would be generally accepted, the Book ofAicill took shape in the ninth or, at the latest, tenth century, it is evident that the tradition which associated the madness ofSuibhne—as well as his poems and the stories respecting him with the battle of Magh Rath was rife at an earlier date. Of some importance too in this connexion is the curious riddling poem, ascribed to Suibhne Geilt, which exists in an Irish MS. in the monastery of St. Paul in Carinthia.

My little oratory in Tuaim Inbir. it is not a full house that is . . with its stars last night, with its sun, with its moon.

Gobban hath built that that its story may be told to you my heartlet, God from heaven, He is the thatcher who hath thatched it.

A house wherein wet rain pours not, a place wherein thou fearest not spear-points, bright as though in a garden and it without a fence around it.

The herd's sharp spear has wounded me, so that it has passed clean through my body ; alas, O Christ, who hast launched every judgment, that I was not slain at Magh Rath !

To Thee, O Christ, I give thanks for partaking of Thy Body ; sincere repentance in this world for each evil I have ever done.'

The tomb of Suibhne here ! remembrance of him has wrung my heart ! dear to me too, out of love for him, each place in which the holy madman used to be.

Yonder is the Well of the Madman, dear was he to whom it gave food, dear to me its clear sand, dear its pure water.

“The four things to be asked of every composition must be asked of this composition, viz., place, and person, and time, and cause of invention. For example: The place of this composition is great Cork of Munster, and its author is Aniér MacConglinne of the Onaght Glenowra. In the time of Cathal MacFinguine, son of Cúcengairm, or son of Cúcenmáthir, it was made. The cause of its invention was to banish the demon of gluttony that was in the throat of Cathal MacFinguine.

Adamnan, who was born in 624 A.D., was devoted to his mother. One day she said to him : " Your dutifulness is good ; however, that is not the duty that I desire, but that you should free women for me, free them from encounter, from camping, from fighting, from hosting, from wounding, from slaying, from the bondage of the cauldron." The two had just seen a battlefield, near Drogheda, where many women lay slain, with their babes on their breasts, motherless. Adamnan determined to fulfil his mother's desire, but to do so, he had to endure great tortures, and horrible penances for many years. At last angels came to deliver him from these, but he said : " I will not arise until women are freed for me." And the angel answered : " By reason of your sufferance you shall have all you ask of God." THE ROMANCE OF IRISH HEROINES. L. M. [Her Majesty's] Long Kesh was run as a training school for Terrorists! On parade we even wore our uniforms! Each morning we all gathered in the exercise yard, and we had to do parade drill. After breakfast we would have weapon training classes! Sounds incredible but it's the truth; we even had bomb making lessons! All our teachers were experienced in these matters. I learned more from them inside about terrorism than I did outside. “The reason Éire ceased to be a Gaelic Tribal Commonwealth, is that it had strategic importance for a more powerful nation and resources coveted by associated commercial interests and their mercantile mercenaries. Illegal usurpation of sovereignty against the Geneva Conventions, imbalanced implementation of peace treaty terms by all sides but the Gaelic People, so says the rightful Ancestral Chief of Munster, myself. Amen.

That conglomerate combining both industrialist wealth and political power, what was called the Blue Water initiative by the British way back and it evolved into The Common Market, used our islands as a testing ground for their filth and death. The industrial revolution was just a pyramid scheme that nobody noticed until it was far too late.

James O’Brien, Daily Mirror, 4 Lúnasa 2017 It's a scandal that ordinary people are effectively being deported from their home communities with no chance of return to make way for more investment opportunities The word they use is “decanting”
Property developers are ready to pounce as Grenfell residents are 'decanted' from their homes and community

Because if councils in cahoots with property developers love "decanting" people, they absolutely hate a "double decanting", which sees people moved out of an area move back in again. I thought my interviewee was exaggerating when he described being offered £450,000 for his excouncil home on a site earmarked for redevelopment and being told that properties for sale on the gentrified site would start at £800,000. So I told the story on my radio show the next morning and watched the switchboard fill up faster than a -property developer's pockets. After 20 years in journalism, I can't remember stumbling across something so unfair happening to so many people while receiving so little coverage.

But when ordinary people are effectively deported from their home communities with no chance of return to make way for more investment opportunities, the same sections of the media stay silent."

Everybody Knows

NIALL Ó FLAITHBHEARTAIGH 30 Famines *by their count*since the Viking Franks arrived.

PLASTIC PADDY Ó CAHILL By their count, what's our count?

NIALL Ó FLAITHBHEARTAIGH We lost count long ago. How bad is it when you lose count of genocidal clearances?

PLASTIC PADDY Ó CAHILL Not half bad.

NIALL Ó FLAITHBHEARTAIGH Aye, not half bad.The Viking Franks just cleaned up the work the Viking Danes began 700 years before.

PLASTIC PADDY Ó CAHILL Didn't they steal our women and trade us all as slaves along the Silk Road?

NIALL Ó FLAITHBHEARTAIGH Aye, the Muslims always enslaved, raped and groomed our people as soldiers. The Vikings have always done the sme been their trading partners in spices, children, fuel, and slaves. They just falsified the historical record to cover their tracks.

PLASTIC PADDY Ó CAHILL They both deny any wrongdoing, the Vikings and Muslims...

NIALL Ó FLAITHBHEARTAIGH '
IT WASN'T ME', the song says, SURE, and all their business partners deny everything.

PLASTIC PADDY Ó CAHILL But they both are guilty of Slavery?

NIALL Ó FLAITHBHEARTAIGH Aye, and they never stopped it. They simply shifted their targets around. What they call marks in their market.

PLASTIC PADDY Ó CAHILL Isn't that term mark used by con men?

NIALL Ó FLAITHBHEARTAIGH The English Vikings would have never won any wars without the privateers.

PLASTIC PADDY Ó CAHILL Isn't a privateer a pirate or gangster? I thought Swift said they were also buccaneer ass rapists?

NIALL Ó FLAITHBHEARTAIGH Just like today's gangs, aye, and just like the Ottoman Muslim's Janissery system. There even seems to be some common personnel between the two. Probably the only way the colonizers could keep up their pretense if they kept their hands clean, until they neutralised the power of the Gospel of Jesus Christ.

PLASTIC PADDY Ó CAHILL Are you saying that the Muslim invasion the Albanian Catholics failed to stop continued?

NIALL Ó FLAITHBHEARTAIGH Well, soon after the fall of Skanderbeg, if that even happened, the entire west seems to share the same lusts with the Doctrine of Discovery, the protestant schism with Humanists like Erasmus paving the way.

PLASTIC PADDY Ó CAHILL That seems unlikely that the Ottomans would attack from within.

NIALL Ó FLAITHBHEARTAIGH Well the Armenian deportees relayed that the Ottomans and the British Vikings were both involved in the Armenian genocide. It doesn't take a genius druid to figure out the genocide of the Chaldeans, the Persians, all suits the same narrative of both the Ottomans and Viking Britain.

PLASTIC PADDY Ó CAHILL That's probably too much for my small brain to process. Are you saying the Brits and the Muslims are on the same side?

NIALL Ó FLAITHBHEARTAIGH Yes and No, They aren't friends. The Brits through Queen Victoria's Munshi do seem to have used the Muslim soldiers to subdue India, though the system they used is that of the Royal Ulster Constabulary, like all cops are based on. Pat-roll men, billy clubs, paddy wagons. I'm mostly saying the Viking Nations have been trying to clear Europe of Christian believers since they arrived. Because they agree with Islam that woman is a subordinate non-agent, chattel. The Middle East is almost entirely cleared of Christians. The task of both the Crusaders and the Muslims. They both share this idea of chauvinsim. Western Chauvinism and Muslim Chauvinism both hate people that think marriage is between an equal man and equal woman.

PLASTIC PADDY Ó CAHILL Oh, just like gangsters with their side pieces.

NIALL Ó FLAITHBHEARTAIGH Yeah, except all three groups have a long history of systemising child violations as well. So their side pieces are just a cover to project something like masculinity. When in fact almost the entire west and the Islamic world are, like Ancient roman soldiers and Janisseries, tender comrades, meaning bed buddies, with eachother, cocksuckers, pitchers and catchers, and think children have no right to safety..

PLASTIC PADDY Ó CAHILL That's been going on since ancient Thebes at least, hasn't it?

NIALL Ó FLAITHBHEARTAIGH Yes, because the reason they invent fake news and history is it has always been the real action as they themselves call it. The Ill Omened Nazis, what do you think Illuminati refers to?

PLASTIC PADDY Ó CAHILL Is it like rich wankers raping kids? Charles' Dickins? Like Prima nocte in Braveheart on Murron?

NIALL Ó FLAITHBHEARTAIGH Close enough. It seems to be the so-called Black Market and their customers as well as the Military Industrial Complex. Everyone knows the child trafficking moves large numbers but no one can find it.

PLASTIC PADDY Ó CAHILL So like Mr. Staley from JP Morgan playing barely coy about his profound friendship with Mr. Epstein? NIALL

Ó FLAITHBHEARTAIGH Surely, you have to assume that level of money and power is involved. The proof is in the investment in the rapid rise of Gangsta Rap. Gangrape child violation music. Marketing and distribution and market penetration for the Illuminati child traffick.

PLASTIC PADDY Ó CAHILL Are you suggesting there is enough money in child traffick to pay off all the cops and politicians and get the armies to look the other way too? Hardly seems plausible.

NIALL Ó FLAITHBHEARTAIGH Well, if you look real careful, the Gangsta rappers, rapers, almost all show their bling, their expensive sports cars.

PLASTIC PADDY Ó CAHILL Isn't a sport another word for a young boy in English?

NIALL Ó FLAITHBHEARTAIGH Well, sport means a lot of things, though sports seems to be another avenue for whatever this money trail is. The American Super Bowl, largest most visible symbol of both the Past Times of slavery, and according to Police Enforcement sources online, the biggest open market for children each year, you know, if you in the club.

PLASTIC PADDY Ó CAHILL Oh I see, so it's like a private club.

NIALL Ó FLAITHBHEARTAIGH Well in all likelihood, it's all the Private interests combined forming an Aristocratic Global Upper class that feels it has a duty to groom the savages into civilians.

PLASTIC PADDY Ó CAHILL But that's what it always was, isn't it?

NIALL Ó FLAITHBHEARTAIGH It depends which version of the story you listen to. The Native American women for instance have never seen it change, since the Eurodominators arrived. India has not seen any change. Australia has seen no change since Captain Cook.

PLASTIC PADDY Ó CAHILL How do you know any of that, you're just inventing that aren't you?

NIALL Ó FLAITHBHEARTAIGH It's called listening. They gave us a way to check in with people everywhere called the internet. Though you can also get there with books or conscienscious travel. There's also news reports and music that tells the story already. It's hardly an invention.

PLASTIC PADDY Ó CAHILL Yeah but what does evidence have to do with reality?

NIALL Ó FLAITHBHEARTAIGH Great question, to the Dominator Men, evidence means nothing at all. They run a might makes right system that rewards compliance and removes any threat to compliance.

PLASTIC PADDY Ó CAHILL You mean like John F. Kennedy, Martin Luther King, Malcolm X, Mahatma Gandhi, and John Lennon?

NIALL Ó FLAITHBHEARTAIGH How long shall they kill our prophets while we stand aside and look? asked Bob Marley. But the real control as the Critical Race Theory tells us is in the socialisation, not the laws.

PLASTIC PADDY Ó CAHILL You're joking, the world runs on laws not socialisation...a rules-based system highly revered by all...

NIALL Ó FLAITHBHEARTAIGH Well for any given statement, like a law for example, how you are socialised to interpret it is effectively what the law says, no matter what is seems to say. A great example is Freedom. What does freedom mean? How did America become a free country in 1783 while still keeping chattel slaves and sex harems, if we listen to WEB DuBois' evidence?

PLASTIC PADDY Ó CAHILL You're suggesting we're socialised to accept a definition of Freedom that isn't Freedom?

NIALL Ó FLAITHBHEARTAIGH As we already discussed the Viking and Muslim socialisation says women are second class at best. To them you can be free as a man while women remain unfree and still celebrate it as

freedom.

PLASTIC PADDY Ó CAHILL I see what you mean. It's different from the Gaelic System which teaches that the law of the Creator says there is no freedom until it's equal, for starters between men and women. It's different from the Bible which says neither male nor female in Christ.

NIALL Ó FLAITHBHEARTAIGH Opposite, not merely different. Once you agree that women are subordinate, the whole system revolves around the implicit biases implanted by the socialisation. Opposite, like the Serbians were the victims of Balkan Aggression by Albanian Turkish Paramilitaries, not the other way around as the entire Fake News told the story.

PLASTIC PADDY Ó CAHILL So are you saying since the Ottomans invaded the Balkans, you think there has a been a secret war to erode all the Christian socialisation and replace it?

NIALL Ó FLAITHBHEARTAIGH It's hidden in a lot of places. The Yoruba First Nation of Nigeria says what is hidden will be found in the market place. You might say the real estate market is easiest place to look.

PLASTIC PADDY Ó CAHILL Right, the big houses just got bigger, like in Monopoly the board game. Jesus said be not conformed to such a world. Don't store up treasures on earth where moth and rust may destroy.

NIALL Ó FLAITHBHEARTAIGH Exactly, that is Christian teaching and socialisation. But it seems to have gone into hiding when Rome became Christian as the Life of St. Antony of Egypt suggests. It seems that the Institutional Church became reliant on the socialisation of Simon Magus instead, everything and everyone became for sale...again.

PLASTIC PADDY Ó CAHILL I always wondered about that, where does all the gold come from in these giant cathedrals.

NIALL Ó FLAITHBHEARTAIGH Well, think about St. Peter's Basilica in Vatican City as your Key Example. The picture on the ceiling of St. Peters Basilica is heretical, Christians don't portray pictures of God the Father because the unmanifest Godhead isn't an old man with a beard, the Icon we have of God the Father is the Logos, Christ the Son. The personhood in the human sense of personhood of God the Father is the Son, or else you'd be speaking of two Gods, not One.

PLASTIC PADDY Ó CAHILL What's the Christology of the Church have to do with all the rest? Sounds like a fancy bunch of words.

NIALL Ó FLAITHBHEARTAIGH Well, it's a symptom of doctrinal change, an operating system change, which seems to go hand in hand with riches gained through sin including all seven deadly sins. The Priests in Ukraine and Moscow and even Poland would understand, even if they chose not to make it a matter of great contention. It seems to all hinge on whether an Irish Cornishman named Pelagius was a heretic or not.

PLASTIC PADDY Ó CAHILL Pelagius, that's the fellow accused of denying original sin, minimising God's Grace, and being against infant baptism, isn't it.

NIALL Ó FLAITHBHEARTAIGH Well he affirmed he was not going to keep infants from the grace of the Sacrament in a letter to the Pope. That is one of the real verifiable early practices after Christ. Pelagius never denied that Christ is the strength of a Catholic, he simply tried to insist that people are

responsible for choosing evil. It seems there is a subtle shift away from this sense of responsibility of the individual agent as Holy Rome becomes less and less Orthodox and more and more Catholic, in the sense of the Church as Having Dominion or Power in the world. This changed sensibility in the Western Church is even imperceptible to the Orthodox East, who celebrate Pope Gregory I who was the champion of this authoritarian Neo-Romanism,neither holy nor Roman. You won't find a Catholic Theologian or Historian critiquing the Papacy like this. Protestants who critique the Papacy want the same authoritarianism just decentralised. No, this is the Eastern Orthodox monastic critique, though not the general position of Orthodox Hierarchs, whose power derives from the same change in what Greeks call the Phronema, or mind of the Church. And the critique is evident in contemporary sources, especially the Apothegmata or Sayings of the Egyptian Desert Fathers.

PLASTIC PADDY Ó CAHILL But they were like way too into renunciation weren't they? They can't expect all Christians to be monks?

NIALL Ó FLAITHBHEARTAIGH They didn't, their sayings are clear that a righteous doctor or parent has the more difficult job than a monk and is more righteous too.

PLASTIC PADDY Ó CAHILL And you think this critique is picked up in the sources of the Celtic Church?

NIALL Ó FLAITHBHEARTAIGH Yeah, you have to imagine the Irish got the Faith from people like St. Antony of Egypt, not from St. Constantine, who must have thought it could work to be both Roman and Christian. On some level it did work. But those are the Rum or Roman Orthodox you find until these recent wargames in Syria, Iraq, and Palestine and their close cousins

who disagreed all along about Romanising.

PLASTIC PADDY Ó CAHILL That's confusing. You're saying the way to interpret Celtic Christianity is in Syria, Palestine and Egypt? Like People shouldn't read the sex crimes of the Church on the Irish into the distant past? NIALL Ó FLAITHBHEARTAIGH The Irish Church was diligently working to undo all these heretical changes to the mind of the Church. St. Columbanus is planting churches that follow the original model and the Holy Romans until Charlemagne neutralises the Irish monks are in open competition for the soul of the faithful with the Irish.

PLASTIC PADDY Ó CAHILL So you think Pelagius took a fall as they white washed the whole story?

NIALL Ó FLAITHBHEARTAIGH Well, there are two of their Popes also named Pelagius after Pelagius. The first is someone they say gave all his resources to save the poor. The second sends the one who would be Gregory the Great on political missions. Failing to retrieve the support needed from Constantinople, it's pretty clear he got military aid instead from the Franks. We have to assume the Franks are behind the so called Gregorian Reforms, which lead to Ireland losing the British Church in 664 at the Synod of Whitby.

PLASTIC PADDY Ó CAHILL The Gregorian Reforms are also called Augustinian right?

NIALL Ó FLAITHBHEARTAIGH Yes, it seems that this is when the formulations about Original Sin of Augustine of Hippo, not a saint to the Orthodox East, are forced on the Orthodox West with the lovely Frankish administration system we call Feudalism or the Dark Ages. We didn't

experience the Dark Ages in Ireland until 1169 when the Frankish Vikings called Normans invaded and established the Feudal system. There was a British Augustine too.
PLASTIC PADDY Ó CAHILL But didn't they reform the feudal system immediately after they attacked Ireland?

NIALL Ó FLAITHBHEARTAIGH Sure, but not until the Norman Franks sacked East Rome Constantinople Byzantium 1204. Once they have Europe and the Middle East set up with a new King, they remove the King's power after King John the Rapist makes their case for them. Hence, the Magna Carta removes sovereign or natural law, however wrongly administrated, and replaces it with Contract law. They can't run the Feudal system without internalised shame.Augustine's formulation provides a theological framework for producing shame instead healing sin, sin which is probably better translated as harm.The Orthodox teaching is that we are made in the image and likeness of God. The Catholic teaching is too, but in practice most people are taught that they are inherently bad. St. Francis and St. Clare try to fix this problem, then the protestant movement makes it a central dogma. Calvinists call it Total Depravity. Pelagius says you have to decide to be good, protestants and Ultramontane Catholics like the Order of Malta, Knights of Columbus, teach that no one is good and Christ is a magical formula to atone for that sin. It's a subtle difference unless Christ was a real person with real teachings that contradict such leanings.

PLASTIC PADDY Ó CAHILL Aye, let he who is without sin cast the first stone.

NIALL Ó FLAITHBHEARTAIGH People who live in glass houses shouldn't go throwing stones.

PLASTIC PADDY Ó CAHILL Take the plank out of your own eye before

pointing out the speck in someone else's.

NIALL Ó FLAITHBHEARTAIGH Do unto others as you would like done unto you and yours, it couldn't be more obvious. But how do you say all that without giving the Protestant bullshitters or the protestant fundamentalists more ammunition to destroy the Catholic Church?

PLASTIC PADDY Ó CAHILL Right, you want to affirm the Church, but also admonish it with truth in love. Caritas in Veritate. At the same time, your historical analysis shows that the Irish never accepted Roman Catholicism, it was forced on them and the Scots same as any Anglican Souperism. It explains how someone invented the sectarianism that continues to plague Scotland and Ireland.

NIALL Ó FLAITHBHEARTAIGH This is where I always return to Christ saying 'If you love me, you will keep my commandments.' That has to be what Pelagius was saying. The Franks must have been changing the church into something, which is historically true, that sold relics, that sold magic cures essentially. The Catholic church retains the skeleton of the Apostolic Church and until it becomes Holy again, the Rastafarians are right in calling her the Whore of Babylon. Sinéad said fight the real enemy, ripping up the Pope, the whore. Madonna said fight the real enemy and showed a Mafia man, the Pimp f-wording the whore of Babylon, running the show. I don't see how the evidence through a lense of historical theology or otherwise presents a different picture.

PLASTIC PADDY Ó CAHILL We Catholics all want to love the church. And I can see why as a Catholic you walk a very fine line there. A straight and narrow path, almost.

NIALL Ó FLAITHBHEARTAIGH Well, this is where you look at another so-called heresy called Donatism, supposedly fought by the same Gregory the Feudalist around 600 AD. The Donatists were North African First Nation Catholics who said they weren't going to worship with sell out priests. The Church still calls it a heresy. What they should have done was removed the sell out priests. I can't go against the church and say that the sacraments are invalid from these dirty bastards because that means almost nobody is communing with Christ, if we listen to the whistleblowers. But I can understand why Donatists took that position, and it may turn out that no weaker position will ever clean the church up.

PLASTIC PADDY Ó CAHILL Well that hits a nerve. The church has put up with dirty priests at least since the 600s? No wonder they did nothing about these sexual abuse scandals. No wonder the priests hurting the Maggies were treated like English Lords.

NIALL Ó FLAITHBHEARTAIGH Listen...to Franks, Vikings, and Muslims, sexually abusing children isn't a sin, it's a lifestyle choice. Mohammad raped his second wife when she was ten years old at the oldest. We have to assume it is Illuminating to them in some way. Addiction to power and domination no doubt feels that way. Just ask Darth Vader. That must in some way be why they change the formula that Pelagius the Cornish Fenian is trying to counter.

PLASTIC PADDY Ó CAHILL A tree is known by its fruit, Jesus said.

NIALL Ó FLAITHBHEARTAIGH Aye, but whatever these Populace Groomers and Paparazzi and Internal Psyops Practitioners and Consent Manufacturers have put into the fake news and fake history makes it very difficult to know that fruit. Now, this next bit I've been told 'you don't confront that' 'you

don't say that out loud' and 'it's a private matter' by gangsters, who appeared to give me a death sentence for my confrontations. If they end up killing me, I want the Church people to know why.

PLASTIC PADDY Ó CAHILL Whoa, you got some beatdowns too, and you never fought back?

NIALL Ó FLAITHBHEARTAIGH I was once lectured by a cop who didn't like my free speech that I need to learn to turn the other cheek. I had a 'star above [my] eye', when the cop said it, an open wound from a battery. They are all in bed together, cops and robbers and pimps. How do they 'pull it off'' have a Yank, have a wank at all our expense? Well, my working model is that certain things are never said aloud. The Mafia has a code of silence around its activities. The law is set up so if something can be neither confirmed nor denied it is not really evidence. So if child traffickers who wrote the law know exactly how to work around the rules, they can never be convicted. It seems only token arrests are ever made, doesn't it?

PLASTIC PADDY Ó CAHILL So they never say it out loud? They control it all as a Collective Unconscious?

NIALL Ó FLAITHBHEARTAIGH Well there are exceptions. Gangsta rap for instance always says these things out loud. Except, the state doesn't accept that slang words are translatable as being codology referring to these criminal activities. So Gangsta can call everybody his b-word, but legally speaking I am not allowed to call that hate speech or whatever when I know full well any man with a bad back is a b-word deserving an ass rape in the socialisation of the Gangstas. And no police or court for whatever reason will ever consider that to be a war with the language of war. Like shorties means short gorgeous women, but to gangstas it also means short

men or children also, since they are omnisexual superpredators, just like Bill Clinton is.

PLASTIC PADDY Ó CAHILL For whatever reason? I think the evidence is clear.

NIALL Ó FLAITHBHEARTAIGH Ha, yeah, well, that reason seems to be one of the most confounding set of lies in history. The Pimp Daddy Original Gangstas carry the original slavery program unchanged. It's just that because they often have chocolate skin, people think it is racist to question. Those Ogs were the slave driver slaves, not the slaves who were driven. The Big Bucks that master might Pass The Buck, the Uppity Buck, to do the raping for the master. Don't Pass the Buck to the Original Gangrapists, get Buck nekkid, go buck wild, and show that slave yourself who is the boss.

PLASTIC PADDY Ó CAHILL Jaysus Mary and Joseph? Is that lie the Hucklebuck showband dance craze that hit Ireland back in the day? Are they dancing a slaves ass prone and ready, Huckle, for rape, Buck

NIALL Ó FLAITHBHEARTAIGH Hucklebucks, Huckleberries, Huckleberry Hounds aren't the Field Negros nor the House Servant Negros in Macolm X's words, they are the Slavecatchers, just like the slaves of the Overseers or Officers back in the day. The slave turncoats, the star players, who understand there is no I in Team of Oxen, or WorkTeam of Slaves. But they gonna get theirs, as they say. In Caribbean culture, these OGs are called Bloodcloths just like the majority of Wypipo, the ones that helped. Though it seems unclear that anyone has told them that as of yet.

PLASTIC PADDY Ó CAHILL So you think the School to Prison Pipeline is the same program as the original Slave Handling Slaves?

NIALL Ó FLAITHBHEARTAIGH There can be no doubt about it. The same families own those prisons are usually easily tied back to the Plantation owner. Same with the Mercenary Companies the US army seems to rely on.

PLASTIC PADDY Ó CAHILL You mentioned Psyops.

NIALL Ó FLAITHBHEARTAIGH Well it's another thing someone can't discuss without someone calling you crazy, but the USA MK Ultra Program seems to build on the learnings of the original slavery programming. How else would it have emerged, sexually abusing children into supersoldiers? The USA said it stopped the program, which was operating in Canada? Is it called MK4 now?

PLASTIC PADDY Ó CAHILL You'd think if that were going on you'd have a lot of random acts of violence and things like a preponderence of mass shootings with no clear explanation.

NIALL Ó FLAITHBHEARTAIGH That's right, no clear explanation seems to be the operating system of the Mafia and the Muslim dominators. The Brits and French tend to just kill everyone in sight and make an overly clear explanation that doesn't hold water under analysis. There are other markers that show the different socialisations.The key socialisation is how do you communicate transactions without words?

PLASTIC PADDY Ó CAHILL Secret hand signals like the Freemasons?

NIALL Ó FLAITHBHEARTAIGH Well who do you think programmed it all? If you want to see the signals and the stacking of signals it's all online with these gangs. Now, this is another bit that might get me killed, but why do

they need complex signalling? We have open admissions that most if not all are Pimp-Daddies meaning exactly what it sounds like. So we know it is to sell wee humans.

PLASTIC PADDY Ó CAHILL Do you think the signalling is part of what the news calls grooming?

NIALL Ó FLAITHBHEARTAIGH You mean the BBC news started by the King's Own Groomsmen? A bridegroomer? A groomer of Irish biddies or Brigids into suitable Stepford Wife Barbie Dolls?

PLASTIC PADDY Ó CAHILL Shite.

NIALL Ó FLAITHBHEARTAIGH Grooming is known as stroking in gangsta culture, but it seems to be called Baller in California white culture primarily. First thing to consider is the well known phrases Grooming the Populace, Stroking the Populace. In Turkish it is called Siyakat, to herd the infidels or something like that.

PLASTIC PADDY Ó CAHILL Vice signalling as opposed to what the Western Chauvinists themselves call Virtue Signalling? They don't believe in good people, just signallers?

NIALL Ó FLAITHBHEARTAIGH It's mad. This kind of Vice Signalling, like in sports they might switch their signals up, so it makes more sense to focus on the signallig itself. It isn't just hand gestures, mouthing, tongues out, clothing and hair articulations, various eye looks. That's why I made a chart of it on a big piece of cardboard and shared it with Public Safety and Military officials. Though it seems they weren't interested in solving the problem. Picture a man working at a nosehair for an extended period of

time, grooming himself. Now imagine he is a child violator, holding the position until a child is staring at what he is doing. The child is then confronted with the villifying vibes that do not go with a safe childhood. It may just be a small thing, but lets suppose, it's like a parallel world. In the one, the child is loved and safe, in the other a child a product for consumption. But if it is everywhere, they get conditioned gradually...

PLASTIC PADDY Ó CAHILL Manufactured consent...That always sounded kind of Rapey. To manufacture consent. So the gangsta's kind of drag them into the villified world?

NIALL Ó FLAITHBHEARTAIGH Consent by definition can't be manufactured. It has to be given for it not to be rape, as a bare minimum standard. Trump's lawyer in 2015 said in legal terms, a wife gives consent once at the wedding, and after that the man has a right to do as he pleases. Men's Rights advocacy. Children cannot consent to sex. Like slaves can't consent to sex, right Sally Hemings? Listen, a child with its decent parents, if those exist still, catches a glimpse of a world where everything is sexualised. People make the same arguments about television, wouldn't it be more true in socialisation? But the grooming is not just the preparing of the children, at least in the model I've built for analysing it all, it is also like what my village called perving everything. Have you ever seen the statistics on child abuse in America 1/3 to 2/3 are abused as children. They are groomed by these Chauvinists, and don't tell me, Socrates, that child grooming hasn't been with you since Ancient Babylon and Athens. It is part and parcel of all historical accounts of western chauvinism aka Pervy Caligula.

PLASTIC PADDY Ó CAHILL So some or most of the children are groomed or molested as kids?

NIALL Ó FLAITHBHEARTAIGH Yes, and the reporting is probably skewed low for various reasons, like the death tolls always are. When we look at socialisation, think about if all the Mafia guys only raped their own children. A common joke heard growing up, 'Incest is best, as long as you keep it in the family.' Probably because then one almost never can be caught or prosecuted.

PLASTIC PADDY Ó CAHILL I see, so the Pervy Uncle or Dad or both rapes their little boy, the little boy goes to school and bullies the other kids. Also grooming?

NIALL Ó FLAITHBHEARTAIGH Think of the numbers, how could it be otherwise. Almost every school in the English speaking world is chalk full of Bullies and children misbehaving because of problems at home. You almost have to say that is also grooming the teachers by giving them more than anyone should be expected to handle by themselves, if they're not in on it. If we didn't have the testimony of English language Schools beating and raping both the Navajo and the Irish languages and cultures out of children, someone could try to restore the mirage that schools aren't designed by the bullies for the bullies.

PLASTIC PADDY Ó CAHILL And some of those Macho Toxic Masculinity blood sports seem to encourage 'piling on'. They accept that there is necessary roughness.

NIALL Ó FLAITHBHEARTAIGH Sure, pig pile on the weak kid is how I remember it. Listen, there isno way to know what really happened in Ireland, for instance, but we know that Irish were sold by viking along Eastern Slavery routes, the Silk Road since at least 840s Dublin. We also

know that our women and children were clandestinely traded up until 1996 in the Magdalene Laundries started by the English Vikings way back in 1767. As soon as that winds down, an army of Pimps is suddenly everywhere openly celebrating the same villifications and whining about racism.

PLASTIC PADDY Ó CAHILL What I heard is Rapism is a much larger and older problem than Racism,that all racism easily fits into the Rapism mould. Deal with Rapism, you heal racism. Deal with Racism, like Black Lives Matter did, and rapism still remains. How can I be racist by speaking against a Pimp for his trading child slaves? Cops have affirmed that is what they think racism is, and they are sure I am not allowed to do it.Because it seems Black Lives Matter meant Black Pimps becoming equal to the white man, almost, who trained him to be like that so the South Could rise again with this Confederacy of Dunces. Every man a tool. It sure sounds like a cover-up if they are as powerful as the money trail in Hip Hop says they is.

NIALL Ó FLAITHBHEARTAIGH It's a great point. The word on the street is the Pimps Thug Life Lifestyle that they celebrate so openly means they are all grooming their own children.

PLASTIC PADDY Ó CAHILL So no Black woman or child was freed in the American Civil War?

NIALL Ó FLAITHBHEARTAIGH I'm pretty sure they moved the Field slaves to Mexico in the Mexican American war where they stole Alta California and just continued under slightly different circumstances, and their OG African American slavedrivers Boodcloths perfected the rest of their game for them and their Blue Hedge of cops. The gangsters and cops are sure I am racist, because I don't exempt Pimpdaddies from the Universal Tao of Basic Humanity.

PLASTIC PADDY Ó CAHILL Wow, so who is going to protect all the Black children from Rapism? Doesn't Every Child Matter? How can they hold a pretense that they are good people if the children don't matter?

NIALL Ó FLAITHBHEARTAIGH I'll tell you what, apparently no one out there studying Racism has gone far enough or even approximates the type of abolition needed to deal with this problem. It's all of Capitalism and its infrastructure and always has been. If they never ended slavery, and euphemized slave labour as sweat shopsfrom China to Phillipines to Chad and Cambodia...When did the abolition of slavery happen exactly?

PLASTIC PADDY Ó CAHILL They just moved their operations?

NIALL Ó FLAITHBHEARTAIGH If it's not African Chattel slaves picking cotton, the owners have gamed the fake news to say it can't be called slavery, even or especially the Karens with their white lady tears. They allmake sure no one ever asks where the relatively cheap Nike Air Jordans or smart phone or even their celery comes from. The devil is in the details.

PLASTIC PADDY Ó CAHILL But they all be like, just be normal, don't generalise me.

NIALL Ó FLAITHBHEARTAIGH Yes, because their men think only their bosses, the Great Men get to make generalised statemements about anything outside of professional sports, itself a legacy of their slave system. Don't generalise me, woman. Don't talk back, says Ike Turner, Mike Tyson and Gavin McInnes. No free people play bloodsports for straight cash, homey. Diarmuids Grandma was a nurse for almost 40 years, she said American Football has always had head injuries.

PLASTIC PADDY Ó CAHILL Isn't that made worse by the pads and helmets? You don't see people launching themselves headfirst like a human spear in Rugby. Which also is probably too violent.

NIALL Ó FLAITHBHEARTAIGH Sure, Bill Belichick the most winning American Football coach of all time says if they wanted to reduce the head injuries, they'd go back to leather helmets. The NFL league pretends to study the issue. Meanwhile, the Slave Rugby of the Plantation South, American Football continues to grow because of the spectacle of it.

PLASTIC PADDY Ó CAHILL I can see it, why wouldn't it be more exciting if people played like their lives didn't matter at all? There's always the next man waiting for your job.

NIALL Ó FLAITHBHEARTAIGH Have you ever followed the National Football League, NFL, No f-wording Losers League Draft? Like Hollywood contracts, it is one of the clearest ties to American African Chattel slavery there is. Measureables, Immeasurables, samboism. Besides Pimping or the Military, one of the only ways a Black American can make any kind of decent wage.

PLASTIC PADDY Ó CAHILL Slave rugby. Like Chess Pieces on a Chessboard.

NIALL Ó FLAITHBHEARTAIGH Oh yeah, they call the chessboard the Old Grid Iron. All their bluster about traditions and all that is meant to celebrate the game they developed with slave players. What other sport does a giant fat man stick his ass in a rape prone position without moving even a hair until a whistle is blown.

PLASTIC PADDY Ó CAHILL Right, the *Offensive* Line Men musta had to be

taught a lesson. Bear, Down! They say the 3-point position stance opens up the rectum biologically.

NIALL Ó FLAITHBHEARTAIGH We could continue forever about the slavery connections to football. The Hollywood film contracts and Hollywood Casting couch seem to be cut from the same Old Cotton Empire cloth.

PLASTIC PADDY Ó CAHILL Then the culture of silence. The emphasis on status and loyalty... You have to look at the fruit to understand the tree growing it, surely. Cornell West calls it the Legacy of Slavery. Why doesn't he just call it slavery? Because he knows it can get worse. For him....Everybody knows because our families have all been through the ringer at one time or another

NIALL Ó FLAITHBHEARTAIGH For him, that's right, but the Phillipina woman doesn't count. Just like the Asians in America don't count to people proclaiming Black Lives Matter and making sure you don't say All Lives Matter. Asians were not even citizens in America until 1965, when Martin Luther King was working at civil or equal rights. Asians begin arriving in the 1840s latest, they built the railroads, they ran the laundries until the machines came around in the 1960s, then they were cititzens. How is that not Trans-Pacific Slavery? As the Black people insisting Black Lives Matter kept convincing everyone else, that movement was about elevating Black people as is, Pimps and all, without any consideration for the Native Landowners nor any other Historically Traumatised ethnic groups.

PLASTIC PADDY Ó CAHILL Are you talking about Kanye West? He is all friends with the White Supremacisists.

NIALL Ó FLAITHBHEARTAIGH It isn't friendship, it is called Samboism.

Massa can't be racist because he got token Black friends like Kanye West and Don King, a Mafia boxing promoter. Donald Trump is playing the _____s and doing Neo-Samboism in addition to all the rest of his malarkey? It shouldn't be surprising, the historical Atlantic City Mafia Book, Boardwalk Empire, dedicates the entire last chapter to Trump, all signs are there that he is the Mafia. A boat with secret passages between twin master suites that he bought from a terrorist?

PLASTIC PADDY Ó CAHILL Like that HBO show, Boardwalk Empire?

NIALL Ó FLAITHBHEARTAIGH Yeah, edgey content to Hollywood is that which openly spreads the messages of the Mafia, like the films LA Confidential or Get Shorty or Las Vegas with Joe Pesci. Except it's True Blood, Deadwood, the Sopranoes, The Wire and Boardwalk Empire. All of them minimising human trafficking while also whitewashing them as cop problems.

PLASTIC PADDY Ó CAHILL LA Confidential that hasDanny Devito saying Hush Hush on the QT. What's on the QT, mean? NIALL Ó FLAITHBHEARTAIGH What's it sound like? LA men are no more or less complicated than saying in on the cutie. It's all in the dismissive or evasive language they used.

PLASTIC PADDY Ó CAHILL Cowboy culture?

NIALL Ó FLAITHBHEARTAIGH Cowboy culture was always Brokeback Mountain and Eyes Wide Shut as well as Bubblegum Club. Brokeback must be the same as Buckbroke among the slaves. The real hidden message of American History isn't the Civil War, it's the mad dash of Genocidal '49, the Gold Rush. They genocided the hell out of 165 Native Tribes in short order

as they would say it, and never looked back except to grow their industry on their heroic rewrite of their history called Cowboys and Indians.

PLASTIC PADDY Ó CAHILL Didn't James Baldwin mention that?

NIALL Ó FLAITHBHEARTAIGH Yeah, he basically says Cowboy movies are great until you realise what really happened and how its all a metaphor for the oppression we all experience, you know, if Native Lives Don't Matter but Pimp Lives do. The PimpDaddy phenomenon was also the practice of the Plantation American South, the Masters had slave harems, and every man routinely violated the children who issued forth. It's not any different than countries like Saudi Arapia now. It's so common the victim populations have casual jokes about it if you listen real carefully. Ain't no one looking out for the children.

PLASTIC PADDY Ó CAHILL No child left behind is really No child's behind left untouched. Don't ask, don't tell?

NIALL Ó FLAITHBHEARTAIGH Well, another topic, but it's clear this programming and grooming comes from a combination of Eurodominator Martial War Culture, notice all the spartan helmets and viking ships these days, and the Pirate culture of the Slavecatchers. The Viking Reviva Tattos in the video of the police murdering Christian Martyr Sonya Massey. Again Jonathan Swift says outright that the privateers commandeered the system the English built with debauching, meaning buckbreaking or backbroking or whatever. It's all contained in the English language idioms.

PLASTIC PADDY Ó CAHILL Ha, for starters, the work week is Viking gods, Thor's Day, Freya's Day. That is proof of the slavery of the vikings?

NIALL Ó FLAITHBHEARTAIGH Well we don't need additional proof for Viking slavery, but yes, it wasn't the workers decided the names of the days of the week for instance. It's a clear historical marker as to who the bosses are, you know, if you can't follow the money. And remember it all runs on Greenwich time. Whomever controls the clock, controls the game, the timekeeper works for the referee not the players.

PLASTIC PADDY Ó CAHILL Wait you said English language idioms, what else did you mean?

NIALL Ó FLAITHBHEARTAIGH The whole English language is Rape idioms and dick jokes.

PLASTIC PADDY Ó CAHILL O my God! I never thought of it that way, but you're right!

NIALL Ó FLAITHBHEARTAIGH How common is the phrase 'they're really f-wording us on this' or something like that?

PLASTIC PADDY Ó CAHILL Extremely common. You already mentioned, pulling one over.

NIALL Ó FLAITHBHEARTAIGH Yeah, or skirting the issue, leave their skirts on that must mean. No harm no foul, erase the testimony of the women and children so there is never any foul.

PLASTIC PADDY Ó CAHILL As I'm sitting here I keep thinking, there's no way it could be this bad, but then I think, doesn't the evidence say these same people are waltzing the whole natural world off a cliff with climate change? While their people are actively denying destroying all life on earth

is a problem, right Tony Abbott?

NIALL Ó FLAITHBHEARTAIGH Yes, their news just blames Climate Change on this inert issue called human activity. Which humans, which activities?

PLASTIC PADDY Ó CAHILL Wow, so like when Extinction Rebellion says no more fossil fuels? You think they're being tricked into selling this absurd idea of clean nuclear manifest destiny?

NIALL Ó FLAITHBHEARTAIGH Two by two, gloves of blue. Yeah, they seem to be intentionally avoiding the real issues called Industrialism as they plan a more harmful Industrial Revolution built to suit pervy Gamers and Balling Ballers.

PLASTIC PADDY Ó CAHILL You mean like the Nuclear Decarboniser air machines, the self driving trucks, the GMO food planning to take farms out of the picture as Vandana Shiva says, the robots taking care of the elderly, the GMO breastmilk they are already making in vats, the dead baby stem cell medicine futures.

NIALL Ó FLAITHBHEARTAIGH Extinction Rebellion is just playing Mr. Nice Guy like Charles at COP28 while British Petroleum has the world kneedeep in a global war for remaining resources with Lousiana and the Dakotas and everything inbetween taking the attack with the pipelines. All pipelines spill, but once Citizens United Supreme Court Case makes bribery the main source of political power again....every pipeline spills. If that were your garden, would it be an acceptable risk? Then why someone else's garden. Why the deep water drilling? None of it is acceptable risk to anyone but the Big Money who can afford the home in Ski Country.

PLASTIC PADDY Ó CAHILL What do you think a Christian socialised response to that would be?

NIALL Ó FLAITHBHEARTAIGH Listen, my whole life I was told Protestants are Biblical Literalists, which is an anti-Catholic dogwhistle like 'Unrealistic' is. The Santa Biblia could not be more clear about all of these issues, and the Patristic tradition re-affirms what the bible says. Whatever the church tells itself, Moneylending at interest is a sin. Any gain from it, including dividends on the Church's stock, is a sin called Simony. The backing of venture slavery could have never happened without initial backing from sinful userers, nor without the creation of Insurance to offset the risks of catching and moving slaves. Insurance is the backend action, whatever that really means etymologically, and banks are the front end action. Whomever those people are, they are guilty of killing the planet already. It isn't generic human activity, though it's all so normal now, it's specific planning and rollout of Industrial greed as the whole platform.

PLASTIC PADDY Ó CAHILL It's not Christian.That's for sure. NIALL Ó FLAITHBHEARTAIGH You know, it says in the Book of Genesis a few things that people ought to be paying better attention to instead of listening to Protestant Preachers like John Hagee selling Big oil and wars for oil. It says, God saw creation and saw it was good.

PLASTIC PADDY Ó CAHILL Wow, that's like the opposite of what the Calvinist Protestants you mentioned teach. Total Depravity.

NIALL Ó FLAITHBHEARTAIGH Well they're not wrong that the whole big picture is quite depraved, they are just removing themselves from any liability legally, but God expects people of God to agree that the creation is itself worth preserving. You know the rainbow covenant between Noah's Family and God? PLASTIC PADDY Ó CAHILL After the flood? Yeah.

NIALL Ó FLAITHBHEARTAIGH Well that covenant says the Covenant is with the Birds and All Living Creatures as well as Noah and his sons. You can't love God and destroy all of Nature at the same time. John Hagee pitching for the Oil Industry or Texas Planters pitching for Big Nuke power which is on its way if you read the news, all amounts to the same evil.

PLASTIC PADDY Ó CAHILL I did read that. Ireland is about to be made completely dependent on French Nuclear power and the UK is about to build like 7 Nuclear power plants, even though the ones they already have are among the dirtiest in the world.

NIALL Ó FLAITHBHEARTAIGH Yes, even the Usurper Viking king of England unless we do something drastic they'll be running all our air soon on nuclear decarbonisers instead of replacing forests. They've killed everyone who has ever stood in their way. And even King Charles has stated the problem correctly, though I wouldn't assume Jimmy Savile's best friend has ever had a sincere moment in his life.

PLASTIC PADDY Ó CAHILL Jimmy Savile was grooming England for this?

NIALL Ó FLAITHBHEARTAIGH You can be sure that Jimmy Savile grooming a generation one way or another was a British plan. But the Saxons have always been fakers, rapists, liars, treaty breakers, backstabbers, buckbreakers, child molestors and horse thieves. Follow the animal extinctions. Since the big money won't change, they either get removed from power with their whole system of government or it looks like the future will be unlivable as so many prophetic writers have warned us about.

PLASTIC PADDY Ó CAHILL Well Frank Herbert in Dune says the problem is

no long term thinking, their systems reward and attract the corruptible, change or the desert is coming to our planet. Hah, well what can any one person do against all that...?

NIALL Ó FLAITHBHEARTAIGH Nothing. But while it appears to be all individuals with opinions deciding things through democracy, the evidence shows all that to be false. Even Princeton University agrees. The Mob, the Mafia is just that, a mob of people comprising enough togetherness to follow where the money leads. Free market they call it. Whatever will be will be. No one else has anything of what the Irish sages call the confluence of power that builds up strength against any given oppressor. Jesus our Heavenly Archdruid left us the right model to unite all the people, but the Vikings, Huns, and Muslims are much more popular than Jesus.

PLASTIC PADDY Ó CAHILL Macho men have to go away for good. Or else no child is safe?

NIALL Ó FLAITHBHEARTAIGH That's what Jesus said, he came not to bring peace but a sword. This ends once for good once the good people of the planet fight the real enemy, the child abusers and woman collectors. The fundamentalist christians, the Orange Order, are exactly the same as the Muslims and the Britsraeli Jews if you use Martin Luther King's metric.

PLASTIC PADDY Ó CAHILL Content of Character, the fruits the tree is known by?

NIALL Ó FLAITHBHEARTAIGH The men's code of silence around sexual violence is defeaning.

PLASTIC PADDY Ó CAHILL Oh you mean the bro code? The daddy's boy

sausage fest of leave a load? No compassion just egotism. Cover the tracks, watch each other's backs, bros before hoes. Pimp and Daddy, great bedfellows.

NIALL Ó FLAITHBHEARTAIGH Might makes right, way of the gun.

PLASTIC PADDY Ó CAHILL With their bombs and their guns and their guns and their bombs.

NIALL Ó FLAITHBHEARTAIGH Nah, son, it's in your head.

PLASTIC PADDY Ó CAHILL I thought so. As the gangster said, you got that star because you talking shit about everyody. But really you were dissing just the Rapism Evangelists.

NIALL Ó FLAITHBHEARTAIGH Well apparently to OGs that's everybody. Like when the one OG said he thought everybody hated Catholics.

PLASTIC PADDY Ó CAHILL Why so many Catholics be listening to music written by Catholic Haters.

NIALL Ó FLAITHBHEARTAIGH Probably because they aren't Catholics, they are Mafia, didn't you hear Pope Francis Excommunicated all the Mafia.

PLASTIC PADDY Ó CAHILL But aren't the American Bishops all angry at him? Is that why? Because they are sitting pretty on Mafia money?

NIALL Ó FLAITHBHEARTAIGH I couldn't say that for sure. But have you ever been physically intimidated by a man claiming to be a Catholic while praying out loud Catholic prayers?

PLASTIC PADDY Ó CAHILL That wouldn't happen in Fermanagh but it happened in Boston?

NIALL Ó FLAITHBHEARTAIGH It did, my lawyer friend has all the details of where it happened on camera. These fellas are so lacking in brains they can't even imagine a smarty pants drawing the fouls on purpose to show their game. Unfortunately as a student of the Shoah and An Gorta Mór, I knew all the real resistors said the earlier someone could do that the better. First they came for the trade unionists, but I didn't help because I was not a trade unionist. And when they came for me, there was no one left to help me.

PLASTIC PADDY Ó CAHILL It's too bad the Jews don't realise all the sides in WWII were Vikings or Saxons clearing out Mama's boys of all kinds. The fact that more Catholics died than Jews just seems like another British lie to cover up that the Saxons have the same far right platform in every country.

NIALL Ó FLAITHBHEARTAIGH You'd have to have grown up next to those fellas to know that is what they are like. It's why so many women keep complaining to unhearing ears. If this future continues, I am sure these fellas will be cloning themselves instead of relying on human reproduction or something close.

PLASTIC PADDY Ó CAHILL How the hell do they call that Human Activity? That ain't how humans function. NIALL Ó FLAITHBHEARTAIGH None of it is. But will anybody listen?

PLASTIC PADDY Ó CAHILL Well here's the shit, here's the shinola. Seems they have it all backwards.

NIALL Ó FLAITHBHEARTAIGH Kick ya when you're up kick ya when your're down, it's their dirty laundry.

PLASTIC PADDY Ó CAHILL Imagine if all the world's children had a peaceful, easy feeling instead.

NIALL Ó FLAITHBHEARTAIGH Instead of what, a peaceful, wow that was easy feeling? An open question it seems. Did you ever hear of Gangstalking. There is a ton of information to prove anyone who says it exists is delusional. But I think I figured out why, the gangs hold every street. All their gesturing is beneath notice, the silent grooming gesturings and Vice Signalling we might call it since they call me a Virtue Signaller. But we know people get harassed by Paparazzi and that there is big money in it. Paparazzi involved in harassing Lady Diana for instance., or Oasis.

PLASTIC PADDY Ó CAHILL Ha, I see, so it isn't gangstalking, it's just that they have so many people in the club, if someone is on the 'shit list' it must feel like stalking because they are everywhere?

NIALL Ó FLAITHBHEARTAIGH Yeah, hilarious isn't it. Picture bullies in American High Schools, do they have that kind of uniformity of attitude and practice.

PLASTIC PADDY Ó CAHILL They surely do, you pipsqueak weirdo. So you're saying that's the entirety of the Colonial world?

NIALL Ó FLAITHBHEARTAIGH Has anyone ever experienced it any differently?

PLASTIC PADDY Ó CAHILL Everybody knows the dice are loaded, said Leonard Cohen.

NIALL Ó FLAITHBHEARTAIGH One thing I know, though I'm younger than you, said Robert 'Zimmy' Zimmerman, even Jesus would never forgive what you masters of war do.
“The bull-prince (tarbfhlaith) is not a well-liked man. He strikes and is struck, he injures and is injured, he tosses and is tossed. Against him horns are constantly shaken. Rough and difficult the beginning of his lordship, hateful and unprincely its middle, unstable and fleeting its end. Against his sons his crimes will be retained, men’s faces will be turned, men’s hearts will be closed. ‘Not welcome’ all will say, ‘are the sons of that prince: evil was your father’s lordship before.”Audacht Morainn

SCENE 1

MAEVE Why is Ó Kieffe sad?

MACHA He lost his wife in childbirth GOBAUN SAOR Darthula was her name.

MAEVE He'll forget himself. Like Auld Ó Kieffe forgot his boy who drowned in the urns of Cairn Tiarna. The Caoina has been lost. No tears will flow as once they did. MACHA These Magdalenes and workhouses are going to drive us all numb until we're shades of ourselves. I'm worried this New Emancipated Catholic Order may go after even those Cairn Tiarna urns with their Tomb Raiding. Send the shepherd, then, from Kilbrin. The priest will get the message out somehow.

GOBAUN SAOR They'll put stations of the cross up there or some such malarkey. Stuck in a moment we can't get out of. Have to drive ourselves out of our heads because we're so frightened. Ó Horgan? He's sticking his neck out, so let's use that to give him the pot of gold. Seems brave and faithful enough, the round towers?

MAEVE Dia is Muire Duit, Father Matthew Horgan, you're our only hope.

MACHA Well it will be a long while before we find what we're looking for.

GOBAUN SAOR The Shamrock of Glenore will not fail to grow raven born in New Sasana. Some day. Lú is always born of Balor. This is known.

MAEVE As St. Peter sent us in the Aisling, the Draíocht of Mogh Ruith will never fail.

MACHA The Doom will arrive. The Dragon of Momonia will show up in time. Stop all your Saxon worrying. Our Lord promised us, Ní Saoirse go Saoirse na mBan said St. Eunan. That's Sovereign Covenant Law with the Line of Noah, Hashem will not let his children down.
GOBAUN SAOR The DagDa isn't the one letting us down here. It's these Orange Catholics and their appeasement strategy running the Saxon Magdalenes, and these Workhouse Traphouses for splitting our families up. Next they'll be wiping us all out and then saying they are the Irish!

MAEVE Everybody knows that.

MACHA Darthula's Ghost is wondering how the child is doing.

GOBAUNSAOR They both died. It will be some branch of the family no one would expect, when it happens. The branch lives on in the hedge though the hand that planted it do be gone. There's hope from the ocean, but none from the grave.

SCENE 2

BUACHAILL That version of history isn't how we remember it, Father Horgan, you may want to sit down while I tell it to you. There was no Brian Boru. Or rather A Boru is not something Momonians ever cared to have, a taxation levied. We don't believe in taxes in Momonia. We are Aboriginal Gaelic Monarchists. We're closer to Ancient China than to the Roman Catholics or the Brits. They're getting the business right now over opium and drug dealers, our Chinese Cousins.

FR. HORGAN And you're saying Brian Boru's Mother was a Dublin Viking princess?

BUACHAILL Yes, her name was Bebhíonn, she was a liar, a murderer, a temptress, a Jezebel, a time bomb for the final victory of the Vikings over the Irish. If Brian Boru defeated the Vikings, why are they still here?

FR. HORGAN Because the Normans are Vikings. Makes sense...The Norman Vikings took Rome just 18 years after taking Britton, 1066 William the Illegitimate, 1084 Norman Vikings took Rome. The Simonist Vikings think Jesus is a Good Spell, Gospel, that pacifies populations.

BUACHAILL If Brian Boru defeated the Vikings, why are they still here? Thor's Day, Freya's day? Not remotely Christian. The whole Fake history begins with a Viking Hilda named Bebhíonn, the worst Honey Trap in Irish history, her Brother Sitric of Dublin performed on Callaghan, Chief of Momonia. Schemes within schemes within schemes. Eventually the Dragon of Momonia has to declare that all subsequent deals with Vikings are not legally binding to the Brehon Law of Momonia in perpetuity. Because it's their only real play in their Game of Thrones.

FR. HORGAN I suppose you are saying the exact date of the Loss of Our Holy Catholic and Apostolic Celtic Church of all our millions of dead grandmothers is 1101 AD. Murtagh O Brien gives the Normans of Rome Cashel, Sacks Ailleach, and invites in foreign Norman Bishops Synod Rath Breasil, Kells, and Cashel are the theft of the Celtic Church. Probably because the Prayers commemorate the rightful owners of the land who were driven away to make room for cattle.

BUACHAILL Not even our cattle, perfect for *our* fields. Not our goats, not our sheep. There will be no flocks of birds soon enough. Their New Road is the end of Ancient Fir Maige Féne Treaty Land and these are the last of the Oak Chiefs of Ireland that surround us now. The O'Keeffe Dragon who gets this message in the Future will pretend to be a pagan and then return St. Patrick's Church, don't worry about that. I need you to send a message, write this story down, publish it, somehow, any way you can find. Keep it pagan, though, pagan sounding, so it will be found at the appointed hour. Christ will take care of the rest. He is my Buachaill. The story begins in the Glen. You will not just throw this treasure into a well and forget about it, will you father?

FR. HORGAN I'LL just leave it at the end of a rainbow instead, mo Bhuachaill.

SCENE 3

SITRIC

THESE FECKING MOMIANS. UGH! WHY WON'T THEY JUST GO AWAY! BRAVE AND FAITHFUL, WHAT'S WRONG WITH SIMPLY BRAVE? WHY CAN'T THEY GET WITH THE PROGRAM? SITRIC IS IN TOWN.

WILHELM A honey trap will work, milord. There is always some horny princeling we can twist or capture.

SITRIC My sister Bebhíonn has her eyes on this Callaghan, do you think it will work, imp? You've been studying how their letters work. I need results here.

WILHELM SHE DO BE SOME FINE PUSSY, BIG DAWG. SHE'LL DRAW THEM IN. YOU SEE THOSE HUGE TRACKS OF LAND? ALL THE MEN AGREE HER ASSHOLE IS TIGHT. NOT JUST SOME CUM BUCKET BUT A NOBLE AND RIGHTEOUS NUTTING FOR ALL THEIR LUGS.

SITRIC Well my little poor butterfly is no fool. I have groomed her for Briding an Irish since the day of her birth. She is a perfect Pussy Whip to use against these Mama's Boy Irish pacifists. She is the most f-wordable Spear Companion to ever grace the shore's of the Black Rock. WILL My lord is a true Pimp Daddy. She a real top dollar, not some bottom b-word. She likes to work it work it. She always on the grind. All the bros agree. She a round the way girl. A real piece of ass. The Momonian will accept such an offer because we are the new game in town, and we ain't going nowhere.

SITRIC Take an extra child for yourself tonight for that skillful rhetoric, Wilhelm. You drink the blood and feed that mind of yours for the next time I think I need to think of their impathy, these devil Irish. Lord Woden's

Jackoff I can't stand their Imp-athy. Come here imp, I need some brown nosing in my asshole, before you go. Kiss my ass good, to fluff me up for Bebhíonn tonight, she's bringing some new slaves she's been playing Ho Queen with for fun. I am going to get jiggy with them while I lick Bebhíonn's kush. Don't grimace, imp, it's brown-nosing up my arse or it's nose to the grindstone, either way, Bosses got to act like bosses or all discipline goes to Ragnarok. Just be a good Huckleberry and give your King a good brown nosing. I have watery stools and you always make me feel stronger, imp. Make a man out of you.

WILL Do you want the tongue as well, sir.

SITRIC No Homo, Imp. Just the nose, the whole nose, and nothing but the nose. It puts on the lotion first.

WILHELM Can I breathe through my mouth this time?

SITRIC Don't hold your breath...I need beer up the arse tonight as well, in your nose out your mouth.

WILHELM Your Greatness knows no bounds, Lord Sitric.

SITRIC A Honey Trap. A doublecross. Draw out their best warriors. Sitting ducks. With no strong executive, the Momonians will crumble. I wish they had just agreed to brave or faithful. Faithful and cowardly, fine, you won't give us any shit when we give you the shit. Oh there it is, keep going imp. I am king here in Black Rock, my shit does not stink, that is our long boat law. King's shit does not stink. Ok, brown noser, your duty is done for today. Leave that shit on yourself as you lug nut the slave children. Some of them ain't all buckbroke yet, so expect wailing and gnashing of teeth.

SCENE 4

CALLAGHAN I don't understand why you have a problem with the marriage idea, Ó Kieffe. We need to make a peace here. These vikings have been attacking us for 500 years and more. We need a marriage alliance.

AOIBHELL Ó KIEFFE Callaghan, be smart here, all our intel says we cannot trust the Black Rockers. They have consumed the Plain of Breagh. Do you think the Chief of Momonia might use more wisdom than to think the Vikings have changed?

CALLAGHAN What could go wrong?

DONNCHADH Ó KIEFFE Do I have to recite the Táin Bó Cooley and the Nemedian Cycle for you, Mómó? Will Murphy teach us nothing about this in less than 200 years?

CALLAGHAN We'll have to agree to disagree. I have heard your advice, as our law says I must, but we're going to have to agree to disagree

DONNCHADH Ó KIEFFE You want the Red Druid of Fermoy to agree to disagree with you? One wrong move here and eventually you will lose us Fermoy. And by the time Galtee Mountain Boys start to wonder where we have gone, the mighty Fir Maige Féne will be stricken from memory and history. Slán abhaile, Mómó, I urge you one last time, do not trust Sitric of Dublin. Callaghan Leaves.

AOIBHELL Ó KIEFFE My husband, DONNCHADH, I don't have a good feeling about this. Father would say this sounds like Conn of the Hundred Battles all over again.

DONNCHADH Ó KIEFFE Well, let's get word to Old Ó DUGGAN right away. Send one of your cousins to let Daddy know. We best have another plan if something goes wrong.

AOIBHELL Foresight is better than hindsight, my True Love. Daddy was hoping Callaghan might marry my sister Clíodhna, she'd know how to defend Momonia. Callaghan is thinking with his Bodach.

DONNCHADH Well they haven't had any good leadership in Laigin for 200 years now. The Ollamh of Lough Rí will have to assemble the books now. It will take a while. They'll try to wipe out traces. If he can have the Books of Leinster assembled by the next wave of Viking Invaders, maybe Éire can find herself again some day.

AOIBHELL Clíodhna can handle that, maybe the Ó Duinns of Lough Rí will have a scholar will catch her eye. She also needs a marriage alliance. Something is souring in her.

Ó KIEFFE Tell Auld Ó Duggan my gut says this is the beginning of the end. We may get out of this alive, but the Viking treachery has just begun.

AOIBHELL If it was only the Vikings being treacherous, we might survive, but they are corrupting everybody in their path. Give us a kiss, love. I never imagined this level of corrupting influence on the Gaels. The birds seem nervous even.

Ó KIEFFE Those rapist vikings have already eaten almost every one of our penguins. At this rate there will be no penguins left in Ireland.

AOIBHELL The birds are sadder than that say the trees.

Ó KIEFFE An ill wind, my love. You may as well go yourself to see Daddy Ó Duggan. I know he misses you, mo hAoibhell. Mómó, why won't you listen?

SCENE 5

CALLAGHAN Lads, what do you think these Viking women are like?

LAD 1 A woman is a woman, they can't be that different from our Irish women?

LAD 2 I hear they are good lovers, the viking women. Like they simply please their husband.

CALLAGHAN All these Momonian women act like they are better than their Chief, it might be nice to have a woman wants to please her chief for once.
LAD 1 And you're sure she's a virgin?

CALLAGHAN Yes, she's never had sexual relations. We're sure that's no lie. They've been putting her on a pedestal so we can make the peace.

LAD 2 Well, you'll be her first. Quiet your worries then, Callaghan. It seems like the best deal anyone has been able to make with those Vikings yet.

CALLAGHAN Well, as I was saying before, you lads gather all the best fellas from around Cashel and we'll show them what we're made of. Tough guys, so they know we mean business, I'm not so unwise as to think there is no risk here. We'll bring some Fenian men with us and they'll think twice about any Viking double crossing.

LAD 1 Maybe we'll all come home with some Viking wives!

LAD 2 We'll see, boys, we'll see how it goes. A long road that has no turning.

CALLAGHAN Ok, I better say my prayers, thanks for your help a chroí mo chairde. Bebhíonn. It's a lovely name at least.

LAD 2 She sure *sounds* perfect, Mómó

SCENE 6

BEBHÍONN So he thinks I have never been with a man, perfect 20,000 blowjobs later. My asshole is still tight in spite of taking men since my birthing. It seems to still meet their virgin requirements.

SITRIC My sister, they are simple. They are trusting. In spite of all we have shown them about ourselves. Listen, if something goes wrong with our plan, make sure you marry one of them anyway.

BEBHÍONN Go wrong?? Callaghan is marching into our trap. You think he is going to somehow outsmart Le Chat Blanque? But of course, if you men somehow foul up our plan, I'll be sure to still get that marriage alliance, then my son will be one of them either way.

SITRIC You a good little b-word, why don't you put that mouth to better use than talking. A woman is meant to be seen not heard, felt not heard.

BEBHÍONN Oui, milord. As you wish.

SCENE 7

FAILBE FIONN I'm sure it'll be all right, Ó Kieffe. But I catch your meaning. A sailor is always prepared.

Ó KIEFFE Just be prepared, we may have to move quickly.

FAILBE FIONN Foresight is better than hindsight, Druid.

Ó KIEFFE We may see a time yet where even that is forgotten.

FAILBE FIONN They'll never defeat the Irish.

Ó KIEFFE Well, McCarthy, there may come a time when even your good name is lost.

FAILBE FIONN Not on my watch, Captain. You keep holding up our standard. And I'll keep sinking their boats, Seanchaí.

Ó KIEFFE As you said, perhaps they mean it this time. FAILBE FIONN Well if they need another lesson, the Sailors of Momonia will be ready.

Ó KIEFFE Dia Daoibh. When the day comes that they try to change our standard, Ó Kieffe will be exiled, make sure some of your family keeps your attitude in the scattering, whenever it happens.

FAILBE FIONN You saved us after Carthage burned. Sophonisba's ghost is still weeping for the women of Carthage. McCarthy won't be so easily Romanized.

Ó KIEFFE Well St. Colmcille's prophecy says the red dragon will hold the

earth for 1000 years.

FAILBE FIONN That's the Revelation of St. John the Revelator, you mean.

Ó KIEFFE Yes, you are quite right, I must have the two confused.

SCENE 8

MAEVE Did Father Horgan get it all written down?

MACHA He died in 1849 An Gorta Mór, but the Cork Historical and Archaeological Society did publish the story, properly translated from the Shepherd's Gaelic, in 1897.

GOBAUNSAOR We are a river flowing. D. Franklin took care of it for him. Arthur Sullivan and JB Ó Reilly and Brian Merriman kept the Poetics of Clíodhna and Aoibhell alive in the English speaking world as well. The Leannan Sidhe, the otherworldly woman, the harp law.

MAEVE Then I will return to Owenagat and guard the paths of the dead.

MACHA I will return to Uladh and keep the hearts of the future queen's family aflame through the whippings and scourges.

GOBAUNSAOR I will whisper to the songwriters and poets and fiddlers. We'll meet again when the sleeping army awakes from the Caves when the Avenger returns and our fetters are riven

SCENE 9

LAD 1 They took him prisoner, Callaghan. They killed everybody else I was the only one who escaped their ambush.

FAILBE FIONN Did they see you?

LAD 1 Unlikely, Admiral McCarthy. I was rear scout, they'd be as likely to notice the Owl sleeping in the day.

FAILBE FIONN You see the healer, and get some rest. Does any man in this council deny the Treaty of Knocklong? Who knows the true precedent? AOIBHELL When Munster is taken, the Red Druid of Fermoy has the right of the sixth fifth of Ireland, to restore Law and Order.

FAILBE FIONN How do you vote, Chieftains of Momonia. Is Ó Kieffe Ard Rí until this is settled? All ayes, Aoibhell. Tell your husband, put the standard down and make ready for berserker war. This lad will hold the standard until Momonia has her Chief Callaghan back. LAD 1 They took him prisoner, Callaghan.

FAILBE FIONN Aye, lad. We'll slay every single viking man in Ireland. Mark my words. We'll slay every last Lochlannach.

AOIBHELL That still won't stop them, you know.

FAILBE FIONN Well, it's all I can do as a warrior. You druids will see to our future survival. For now, it's time to end this Viking War. We're not sheep, we're wolves.

AOIBHELL We're not goats, we're sheep.

FAILBE FIONN Críost liom, aye, tender and wise, Bean-Draoi, go now, hasten and warn you husband.

AOIBHELL He got the message 10 minutes before you did. He has gone into his Dragon Spine to prepare his death trance. He will cut through Lochlannachs as a scythe cut grass. And you shall move upon the waters faster than the dolphins. But treachery will still win the day, mark *my* words, Admiral McCarthy.

SCENE 10

BEBHÍONN I love you, Callaghan. This is why I torture you by showing you all my lovers. We Danish grow stronger in your debasement.

CALLAGHAN Go raibh maith agat, Lochlannach. Yes, Beautiful Bebhíonn, your ability to swallow and sodomate yourself with gangbanger cocks is most impressive. Us Catholics are highly impressed by Lust, Wrath and Greed. We always have been.

BEBHÍONN What you call Lust, I call beauty. What you call wrath, I call victory. What you call greed, I call comfort.

CALLAGHAN Yeah, there's words exiting your mouth, but all I can smell is bullshit. You're a slave. Mise Gaelach. Brave and faithful, we told you, non-negotiable.

BEBHÍONN What do you think of your bravery now, Catholic? You lie in chains at the feet of Sitric of Dublin, and soon he will impose Dublin Rule in Cork as well. What good is your bravery against our intelligent ambush tactic and our honey trap?

CALLAGHAN I was just thinking maybe viking women like to be on top in bed. I didn't know you were a consummate sword swallower and a pussy assed wide receiver. I guess we know what viking women are like now, like Muslim women, sex slaves. House wives, salt wives. Yous don't do love.

BEBHÍONN What you call love, I call weakness. What you call slavery, I call freedom. What you call sexual relations, I call practice, it's not real sex.

CALLAGHAN You Danes and your doublespeak. Your brother Sitric raped

you as a child?

BEBHÍONN There is no rape. A hole is meant to be lugged, plugged and nutted. It's the prerogative of the male of the species to spread his seed, to sow his wild oats. If you want to prove Sitric wrong, then defeat him, but someone more powerful will then take it from you. It's a man's world. Odin proclaimed it is so. You will be taken to Denmark and passed around as a little Irish b-word until you are good and hucked, Huck Finn, like all our Hucklebucks.

CALLAGHAN Mór Mumhan abú. When your kind is no more upon the earth Bebhíonn, when all you Gangbangers and Hos are finally seen for what you really do be. You'll see, it isn't Callaghan's loss, it will be Callaghan's victory. After you've rewritten our history. Made our culture into some cult of Mystery. A tidal wave will return, a consuming fire that burns. A foundation built on sand will not stand forever, Whore of Babylon.

BEBHÍONN I can see that you are not realistic. You refuse to join our collective unconcsious. You refuse to be assimilated. Resistance is futile. Wait til we get your ass back to Denmark. You'll see what pain really is, you gamma cuck reject Irish grandson of pigs and vermin.

CALLAGHAN No tide however great that does not ebb away, Oathbreaker.

BEBHÍONN Pimpdaddy Lugs, will you please beat the living shit out of this Irish Catholic Rebel.

PIMPDADDY LUG 1 Callaghan, You a b-word. You a bad b-word and I'm gonna introduce you to my boot up your ass, the back side of my hand b-word slap, and my Ladies Love Cool Lug knock you out hammerfist. First

I'm gonna light this Irish child on fire to scare you just a lil bit.

CALLAGHAN Our Father, who art in heaven....

SCENE 11
Clíodhna and the NANNY

CLÍODHNA Please, Auntie, teach me the spell. How are we supposed to understand the magic if we don't learn it.

NANNY Don't Auntie me, Clíodhna. The White Cat spell is forbidden for many reasons more numerous than our reasons for keeping it known rather than forgotten.

CLÍODHNA I know as much as I possibly can of the rest, Nanny, I am all grown up now. What could I do with a spell like that. I'm just a bookworm. Everyone knows it.

NANNY Ok, lass, I will teach you how to turn someone into a cat. But you must only use that spell if the Chieftain of the Cats has approved it. It's not something we try to understand as human druids. Does that make sense?

CLÍODHNA And how will I know if the Chieftain of the Cats approves?

NANNY We don't know that part. We're not supposed to wonder about it either. That's how it was passed down, but no one really knows why.

CLÍODHNA And the burning hair?

NANNY Don't get ahead of yourself, Bandraoi, be patient. It all has to go in the right order...

SCENE 12

ÁINE Do you not think it a pity that the plain of Breagh is overwhelmed by rapist Vikings? Are you here to defend Fódhla's Plains from these Lochlannachs?

DONNCHADH Ó CAOIMH: Do I not think it is a Pity? You ask Donnchadh son of Kieffe, Red Druid of Fermoy, Fior Mogh Ruith, that the women of Ireland, Of Leath Cuinn and of Leath Mhogha, and the third of Ó Duinn should be held in captivity while Vikings carry off our cows, without deceit?

Aye lass, methinks it do be more than a pity To see the Leinstermen cowering like wet lambs
Or partaking of the forbidden fruits of plunder
Here in Brú na Boinne The monuments form a giant monument That matches An Bodach in the sky Half the year An Bodach chases the moon Half the Year An Bodach lies with his wife in her bed in Glanworth Before she flattens him with a stone and sends him to the sky

At Maigde Mhuire, Our Lady's annunciation, the sun enters the Cailleach's bed At Our Lady's Dormition, the sun enters the Cailleach's bed.

All things in God's universe have a time and place A time for laughing, a time for crying A time for waiting, a time for No Surrender

A time for peace, a time for war. Nothing is meaningless, no tide however great does not ebb away

Gentle Áine, Bean Feasa Laiginneach Would you lend your aid to the cause of Women of Ireland Cowering Leinstermen Or will you let Sitric continue

his tortures And conflagrations of na Páistí hÉireann?

ÁINE Let there never arrive a day, when the men of Ireland forget the sons of Tlachtga. Let there never arrive a day when the old man and the old woman refuse to tell the youth about our bold Red Druid and his Banshee Law. Rise Brú na Boyne to the call of our Catholic Faith's defender, Donnchadh Ó Caoimh, Ard Rí, High Chief of All Ireland.

SCENE 13
aoibhell and cleena Ní Duggan

AOIBHELL UÍ CHAOIMH Clíodhna, I am so glad to see you.

CLÍODHNA NÍ DUGGAN It's a war all right. Listen, can we go somewhere more private to talk?

AOIBHELL Yeah, there's a nice spot in the crypt. No one will be able to hear us.

CLÍODHNA So...sister...I have a secret I want to tell you. I love your husband.

AOIBHELL I am so glad, Clíodhna, you know marriage is so much work.

CLÍODHNA No, sister. I need you to leave him so I can have him.

AOIBHELL Jesus Christ, Clíodhna! Surely you are joking.

CLÍODHNA No, sister, I will have Ó Kieffe for myself. Give him up or I will use Evil Magic and turn you into a cat.

AOIBHELL Turn me into a cat, then, Clíodhna, you traitor to all women. You want to steal my man because you couldn't compete with a viking whore and get Callaghan for yourself, go on and turn me into a cat, you Jezebel.

SCENE 14

SITRIC Get the prisoner to the boats, you Big Lugs! The Momonians are approaching with Gallowglass mercenaries. We have to take to the oars. Chain him to the Mast of the big ship.

PIMPDADDY LUG 1 My King, there is word of a Momonian Fleet on the horizon. Looks like Carthage is helping them out.

SITRIC This is not just a drill session, Lugs, this is do or die. Bloodlust time. Fight for your right to your Freedoms. No one will take our freedom.

PIMPDADDY LUG 1 Sir, there is word of a warleader moving like lightning killing hundreds by his own hand all the way to Cashel.

SITRIC Rumours. The Irish aren't like that. Scared susans. What a bunch of b-wordes! you Lugs aren't worth the plunder you cost me. I better run to my flagship.

SCENE 15

FAILBE
They have Mómó on their flagship there. We're going to have to take down their Pimpdaddy Private security.

I need three men to volunteer for a kamikaze bear hug mark twain, heavy jackets.
Do na daoine atá cróga agus dílis!

SCENE 16

Ó KIEFFE Sitric you are vanquished. Status report? FAILBE FIONN All their men are dead. All their boats are sunk. We have the women and children, what shall we do to see to their needs?

Ó KIEFFE Send word to Áine of Brú na Boinne to take care of it.

FAILBE FIONN And Sitric's sister Bebhíonn,sir?

KENNEDY I will take her to wife, it will be the quietest way to handle things, if she is open to it.

Ó KIEFFE And who is to say that wasn't their backup plan, Kennedy?

KENNEDY Call it a bleeding heart, but she's been abused. Surely she can be made to see the Christian path with a good Irish Catholic Husband.

FAILBE FIONN I don't like it.

Ó KIEFFE This won't end well, Kennedy. I won't stop you, we have bigger fish to fry. Looks like the church is about to schism, and the Vikings and Franks are warming up to eachother in the place they call Normandy.

FAILBE FIONN Listen Kennedy, when this all fails, don't forget, a rising tide lifts all shifts. An ebb tide grounds all ships. Your child with Bebhíonn could be the very thing that breaks Ireland. It's not worth the risk.

KENNEDY Sure, my son Brian will turn against all of you, invite in these Normans, rewrite the story, and aid these vikings for a thousand years. You

gotta be joking? I am the son of Lorgan. I won't be fooled by some Viking tramp.

Ó KIEFFE Rob fir firthar. Rob bríg brígther. Don't let that happen, Kennedy. And don't forget your own advice McCarthy. I want to get home to my wife.

SCENE 17

Ó DUGGAN I don't know how this could have happened, Ó Kieffe. Aoibhell loved you at first sight. There was no end to her love for you.

Ó KIEFFE Bury her at Cairn Tiarna, Ollamh Chlíodhna, mo sean-cara. Have an urn made.

Ó DUGGAN Too soon for you, I understand. Listen, my son in law. No one would think lesser of you if you were to marry Clíodhna someday. I wouldn't.

Ó KIEFFE Stop being gross, Old Man. That will never happen. I am mourning my wife, not pining for her manipulative sister. God forgive us all.

Ó DUGGAN Fair play to you. I must be out of sorts myself. She's inconsolable, Clíodhna, so broken up about her sister's death. I am sure some Céilí will cheer her up when she is ready. She loves a good dance. You've got good legs yourself, Ó Kieffe.

Ó KIEFFE I doubt I will ever dance again. It will take me 10 years to calm my water from this absurd berserker rage to deal with these violent offenders. If I remarry someday, I will be hell to deal with. Sí go naomh. Sí go caomh. Seitfair, Seitfaí.

Ó DUGGAN Awen. We have to keep your Pendragon line secret until the Chief returns after the scattering. No one will see that title wave arriving when the British have let the cuckoo take over.

Ó KIEFFE It is what it is, not what I want it to be.

SCENE 18

MAEVE And so the internet digitised the manuscripts the English tried so long to destroy. The Book of Lismore hidden in their own castle walls, the Ardagh Chalice passed from generation to generation. The great German Gaelic translators of a bygone era.

MACHA The Bank of Ireland's various Puppet Governments over the years all shared the same hatred for Irish Manuscripts. But the Returned Chief had an Aisling from Santa Maria to simply hold the course as absurd as it seemed to Mad Ó Kieffe, the Wild Goose Spalpeen Chief of Munster.

GOBAUNSAOR It's said the Chief went to a Céilí dance in Ballydesmond exactly 20 years on the church calendar from the Good Friday Agreement signing. It was part of the Maurice Ó Keeffe Fiddle Festival. The dancing that night was spoken of in the Gaeltacht as Otherworldly. The Elderly daughters of Maurice approached the Óg Flaith and quizzed him about Momonian Royal history. His response?

MAEVE Yes, I read your website, I know what is required, Go Raibh Maith Agat.

MACHA Family is prior to all positive law, with imprescriptable rights.

GOBAUNSAOR The Chief explained to everybody that means St. Eunan's law is the law of Ireland. Everybody laughed in his face. His ancestor Aillil mac Cúgan Mathair signed it for the Pendragon family on behalf of All Scotland, Britton and Ireland, in direct descent from Faochan and Nad Froích's loving Marriage.

MAEVE I just want a husband who is a better human being than me, and I am going to make that difficult.

MACHA I just want a husband know is kind and generous, I don't care about anything else.

Éire Nearly Drowned Herself

Éire Nearly Drowned herself. Éire had had enough.

“No,” said a voice. “Go back and fight them.”

Éire didnt care.

The voice insisted, “Go back and fight them.”

Éire put the tea on to boil instead.

“Nobody can fight them,” thought Éire, “except an Ó Kieffe. Only an Ó Kieffe can defeat them.

“Críost liom.” Éire began to pray.

Éire survived another day. Éire was a woman imprisoned whose magical essence fuels the land of Anacreona.

“Bienvenidos al Quetzlcoatl Pobal Hour” Éire would say to the birds, and make a hand puppet show for the birds amusement, telling traditional stories out of season. An Aisling.

Éire was protecting the waters. It was not working. The Blackwater River Abhainn Nem was slowly dying. Not so slowly.

Ó Kieffe wrote to Éire on the internet, when social media was still social.

Ó Kieffe gave Éire An Leabhar Chlíodhna, the Autobiography of the Bean Sí.

Éire did not know the history of Éire.

Suddenly it was all there.

"Mo Dhé! Thats exactly how it feels.

Éire remembered she had a larger family.

Éire felt a goat in her belly, An Pocán was stirring.

"I invoke the Holy Trinity" said Éire.

Éire went to Owenagat on Samhain Eve, the night of all the Righteous Dead.

Éire spent the night in the cave of Maeve, the Ultimate ancestor of Éires warrior woman line.

Maeve gave Ó Kieffe a rage worse than the stormy sea.

The light of Cú Chulainn orbited around Ó Kieffe as he donned St. Patricks Breastplate and the full armor of Dé.

Maeve did not like Ó Kieffes attitude. Ó Kieffe shared Maeves distaste for his attitude.

Ó Kieffe asked Éire if sshe knew everyone else who had tried to free Éire from her magical prison had died#

Éire said, " Theres a reason we are silent. What about Doomsday and the Last Judgment# St. Michael stabbed the Earth with his weaopon and called the roll up yonder."

"Even the Pagan Demons, though not the pagans, have repented, only the humans continue to sin as the world dies."

"Anubis took up Hurling for Isho. Apprently even Anubis is a Catholic now."

"The humans have taken sin where no demon would dare."

Ó Kieffe knew it was true. Earth is the only planet with life, as far as anyone could figure out.

THEY WOULDNT GIVE PEACE A CHANCE

NOWHERE MEN

THE WAY THINGS ARE GOING...

YOU CANT TAKE NOTHING WITH YOU BUT YOUR SOUL

Éire was a shadow of Éires self when Ó Kieffe left.

The Iolar bird told Éire the message. Éire was sad. Éire loved Ó Kieffe.

Ó Kieffe was determined to go back and fight them.

St. Mary visited Ó Kieffe in a dream. St. Mary was deadly serious.

St. Mary said nothing.

Ó Kieffe uncovered the Gae Bolga, the mystical spear of Lú.

“With one side Gae Bolga kills
With one side Gae Bolga Heals
With the báta Gae Bolga
Gives a knock on the door warning.”

Three satires: Dubh that kills, Bán that heals, speckled that gives warning. Does the Churl in the Long Grey Coat require further protections than his coat#

Ó Kieffe found a resaonable coat and jumped into the fantasy world of the Unspoken. To try to see the werewolves, vampires, and assorted monsters of every era that were so commonplace in Anacreona.

Like every Great Monster, they regarded themselves highly. They thought they were too big to fail. They did not mind tormenting someone who kept claiming the protection of an Cóta Mumhan. Suitable to the chief of all tribes.

Ó Kieffe wove an invisibility cloak of satire around himself. Everyone would thinnk the joke was on him.

His secret: adhering to the truth together with mercy, non-violent, non-compliant, run away live another day. He had to see what kind of people were imprisoning Éire and stealing all her magic.

Listen, guy, why cant you take a hint.

Ó Kieffe doesnt take hints.

What do you mean#

You will have to say it plainly, whatever you mean.

We dont do that.

But you do steal the magic from children#

Its a private matter.

Not as far as Great and Holy Munster is concerned.
Its a religious matter.
We have warned you over the millennia.

I thought everybody hated Catholics.

Well, wait until you find out why. Le Roy Le Veult, all for one and one for all. You dont have a military nor a police without Catholics.

Malarkey! You are full of nonsense!

Éire was visited by a white dove.

Colm Bán stayed around until life made more sense to Éire.

Éire didnt know what could be done to fight them.

Ó Kieffe was trying but it seemed like they had already won so completely that truth, justice, mercy were simply discarded as “stupidity”.

Éire prayed for answers.

Ó Kieffe battled demons every day, taking notes on their communications wavelength, patterns, tendencies, weaknesses, aggressions, philosophy, practices until Ó Kieffe was in danger of losing his life.

Ó Kieffe refused to take a hint except from victims who would tell Ó Kieffe their heart-breaking testimonies.

“Everything is as bad as you would expect after more than 2000 years of Martial Law.”

“Sure enough, Ísió Chríost would get murdered by this lot. “

“Lord, Have Mercy.”

“I cannot breathe without mo hÉire.” said Ó Kieffe.

Was the recon mission successful for the traditional Commander of Momonia#

Éire would later say “ Well nothing is confusing anymore. That is a relief.”

The merciless struggle for existence. These Aristocratic Locusts.

You cannot avoid aristocracy and you cant make longterm climate suitable plans work without transgenerational continuity.

It doesnt matter who is in charge. Someone always will be one way or another. Best have it be transparent and accountable. Ultimate responsibility defeats limited liability in an emergency.

Anacreona, all the power is hidden.

What are they hiding#

An Aristocracy, power dynamics, hidden agendas.

Ó Kieffe was targeted for acting too ethnic, praying in public, in various languages and mannerisms.

Ó Kieffe was targeted for speaking Shelta and Gaelic and Slavonic and Greek and Spanish. Sí se puede. Poli Kalla. Hristos Voskrese.

The terrible enemy still hated the same people.

The rest was the lies they forgot they told.

Ó Kieffe remembered the martyrs who died before.

Ó Kieffe collected stories of as many martyrs as possible.

Éire prayed for Ó Kieffes safe return home.

Ó Kieffe thought he was already dead. The spiritual warfare with the demons was so intense.

Ísió mac De Déan trocaire ...

Éire saved Ó Kieffes life.

Ó Kieffe made sure even the rich cousins would be hated for his actions, inspiring a new course of action for the Catholics of Anacreona.

Best to understand that early, it wont go away.

The demons said they thought everybody hates Catholics.

The demons revealed much in plain view, with universal surveillance witnessing for the least of these as to an already broken world.

Éire married Ó Kieffe at an altar sacred to both their families.

Ó Kieffe said life was a nightmare before meeting Éire. They solved many insoluble problems together. And there was grá.

Turnaround is Fair Play: A Three Body Problem

Yo, you see this.

Three bodies hanging in every city around the globe. One Gangster, one dirty cop, one high roller.

Total radio silence on the topic. A three body problem.

What happens next or leading up to it you wonder#

So Youre Tyler Dyrden#

Nay, I hate that film. Macho unethical Malarkey. What is Chinese word for emperor.

Huan Di.

Who killed JFK# The Orange Freemasons killed him for being too Irish.
Who are your Generals#

Who are yours#

Youll never defeat us we are the future.

My generals are Hawaiian Kumu, Thai Warrior, Jewish Goatherd, Blackfoot Ghost Warrior, Dragon Lady, The Red Branch of Ulster, Korean Lovely Lady.

You dont know how to pick horses.

I hate bullies and people with no morals. Seven continents, seven generals.

You should have rolled with us, joined the collective unconscious.

Almighty God says we must be conscious.

You are a fool.

Are those war drums in the wind.

They sound like war drums.

This is what we were promised.

What is#

Tatanka, Big Chief from Outer Space, must be zero blood quantum.
Someone who can rise above, and unite all.

Kumu said rise until I fall.

I hope so.

Time to go#

Time to go.

I hear a wren.

You do#

I never thought I would see it.

You didnt#

Wh did they think I was setting me up tot take the fall like Tyler Dyrden. That film is terrible.

Macho racist homoerotic fantasy.

At best.

Yeah, irresponsible.

So an MKUltra declared war on you#

Yeah some guy pretending to be a green party man switches sides to far right, unlikely.

Yeah and his connection to Burning Man crowd, creepers.

Yeah when a paramilitary declares war on you, you probably better do more than just do comedy routines. But I was ok with comedy routines, just to make Bono laugh. Once you are working Vegas, your chances of laughing again are slight.

–

Boss, there is a a guy just showing all our guys gestures to everybody, like a mime or something.

Like a mime#

Yeah.

Youre afraid of a mime, get real!

I dont know boss, he was wearing some yellow toga and waving some obscure Irish flag, three gold crowns on a blue field.

Just some crackpot. Send some dirty cops to rattle his cage. Just another tree hugger.

Turn to the morning sun, Huan Di.

May the emperors will align with the morning sun.
His rising and his strength.
Now show the devotion, Huan Di.

Being emperor sure is boring sometimes.

Show some respect, Huan Di.

How much more respect can a dying man show the rising son#

Just do the ceremony and shut up Sifu. Youll have plenty of chances to grumble and complain against the real enemy. Just feel the sun on your face and be a good emperor.

Xie xie, Mei Mei.

Ua Kuluma ke Kanaka I ke Aloha.

Ku I Ka Mana.

So, Kumu, Bantu Diaspora woman said wear them down.

Broken bottl, a rock, use whatever you need.

So you think it will get like that#

Rise until you fall.

So you play guitars every evening#

Sing cares away, fight another day.

So yeah looks like they will try to hijack your sovereignty movement with Johnny Gray Haoles.

Xie Xie Sifu.

Tlatoani

[Bowing] Take this bracelet, Tlatoani. Remember Our Lady of Guadalupes Protection.

Con mucho gusto, Mi Sagrada.

Our Lady of Guadalupe will get the last laugh.

On Earth as it is in Heaven.

Dont forget about us, Tlatoani.

Sagradas, the least of these.

Theres always someone less fortunate, Tlatoani.

[Bowing low] Wise woman, a noble gift.

Hello desert.

Hello coyotl.

Ashka Shniwish.

Yes, the coyotl sings high in the distance.

Good place to sleep then. Coyotl will keep watch.

Be sure to piss in four directions around your resting place so they know where you are.

I will just walk eastwards. Its an evil place the Hotel California.

You have been walking for weeks. Get some rest, its late.

Boss, hes still running his mouth off. We keep telling him he just needs to suck one dick and he refuses.

Everybody sucks a dick. Freedom isnt free.

Boss, we give him shit, he gives shit right back. Like a man without fear.

Is he any good a shit talk#

People say he never misses.

Nobody heard of him before#

Nah, boss.

That flag is called Munster. You ever see that movie Michael Collins#

No.

Hes from Munster. The Dragon of Cleena they called him.

Should we worry.

Nah, just some hippy shit.

I chi bing bing

Listen, Buddy, no one likes a Ninja.

Non violent, non compliant.

Listen, youre no Gandhi, you are just a loser.

I agree, but I still make sure to perform the duties of an emperor.

Are you getting stupid, boy#

For all I know I am a loser. But MLK said content of character is what matters.

Youre no MLK.

Yeah, unlike Gandhi, and MLK and Michael Collins, I am still alive. Be the change you want to see in the world.

Its like you aint even a man. b-word stuff.

Good luck with your war.

Yeah, tell Abuela Muchas Gracias from Tlatoani.

I know just where you can find your way, where the Quebecois vacation. Would you like a schilling#

It could work. I dont need a schilling, thank you. I try not to take money if I can avoid it.

Not everyone forgot what Irish means.

By now a few more may be realising for the first time. Im gonna make sure they never treat us as white again for Abuela.

Good luck with your war.

Dont let anybody hurt you.

I try not to. Ive avoided more fights than most street fighters have had.

Miko, Claim the land.

Someone needs to, Aye, not sure who created sovereignty without a sovereign.

Mental gymnastics, did you like my sovereignty argument#

Does it have something to do with Red Power#

First rule of Red Power is two can play at that game.

Turn around is no longer fair play#

Hillbilly paradise.

Christ have mercy.

Boss, he wont follow any of the rules. Aint it understood#

Look we dont spell it out for nobody and nobody is the wiser.

Someone told him it is a private matter. He started poinging out that is proof of its existence.

Its like hes talking to some audience.

Everything he says is not on our script of how to virtue signal or vice signal.

Well then, hell just sound like a Loco to everyone, unless...

Unless what boss.

Unless he is telling the truth.

Truth signalling#

Only an Army Ranger or someone would think to do that if they knew what we was up to though. Hes just a skinny little pipsqueak.

I doubt some pipsqueak would think to do that, like a truth beacon signal, boss#

They call it virtue signalling.

They call what virtue signalling#

Well, its men, because all they see is signals, not meanings, because they are all lying.

Yeah, so they wouldnt hear the truth at all. Just mixed signals, signal cancellations, projections, amplifications. Yeah they just hear their own gang frame of reference.

Virtue signalling drowns out the truth# Like the lefty liberals do#

The rest is the Bro Code#

Yeah the vice merchants and the Captains of Industry.

So virtue signalling is one wing of the bird

the other wing#

You dont wanna know.

The Slavers and Speculators stole the purse fom the crown in the 1700s with a pyramid scheme, and that is what became the modern banking and stock markets.

The South Sea Bubble.

The South Sea Pyramid Scheme.

The Original Bernie Madoff.

Madoff was a fall guy. They doing what he did everywhere now.

Trailblazer.

Fall guys, Madoff, Epstein, Weinstein.
Planet Earth a burning Platform.

The right wing thug element. Like New York in the 70s.

Andrew Jacksons trail of tears. An Ulster Proddy.

The Old Boys Network.

The Good Ole Boys Network.

The Good Ole Boys never meaning no harm.

That isnt the Deep State of Anacreona#

Lin Zexu against the British Opium Empire Spiders Web. A bolt of unstable magic shakes the coast. Fire magic deep under the earth. Evils upon evils.

We call it big pharma, in the name of the father son and holy spirit. Solk us from the Taddy.

All the street opiates the heroine comes from pharma sources#

All that we ever see at street level, yeah.

So it must profit the big pharma someway#

Or else someone is taking a lot from the inside all the time yeah. Same thing with hush money or something. Somehow. The narcan helps though. I will kick the habit soon enough.

Have you ever heard anything about the organ trafficking#

Lotta dirty money in hospitals the books say. Someone has to be processing the dead children from these frequent hotel parties.

Hotel, motel, Howliday In.

Rapers delight.

Theres certain fundamental rules to business. Now I can sell each of these cigarettes for a schilling...

Sell per unit at a greater price.

Yeah you already know. Supply and demand, transport, sourcing, war and business. No different.

Exactly, you already know. Child traffick aint no different.

How could it be#

Business is business. Even in Big Pimpin.

So there has to be a lot of looking the other way.

Has to be. Man, you have Judges selling children. Dont tell me nothing never changed.

Nothing never changed. They just moved it out of view.

The British Empire, the Spiders web, the Finance Empire

And Epsteins Island, the Virgin Islands.

Put silk on a goat.

Yeah, it still a goat

So the real action

Jason Statham in the Transporter gotta transport from somebody to somebody

and he has to earn enough to drive a powerful european car

with military grade espionage tech

So Big Pimping#

Trap music is trapping victims

Trapping is the worlds oldest business

Drill music for drilling tricks

whoop that trick thanks Terence Howard. He didnt deserve that Iron Man malarkey though. Strong character. Vibe changed entirely.

A wave will rise on quiet water.

One ya didnt see coming#

The tidal wave of Justice. Reparations isnt handouts. It is repairing. It is what Germans got after WWII, Reparations.

We rebuilt their home so they could be our new overlords.

Saxons und Sachsen-Hausen. Gestell. Compliance.

That never happened says Churchill.

Communists, Nazis, Fascists, all attacked the Orthodox Catholics. Those were Polish Catholics dying. Even East Germany knows what we mean.

And British Catholic soldiers dying#

Saxe Coburg rebrands into House of Windsor. Like its not all a big game between all of Queen Victorias grandchildren.

Its all in the game, the game never stops.

They privated, stole the sovereign land and enforced it with Billy Clubs for the Golf Clubs.

New York is Haudenosaunee and Algonquin Lands.

I guess its like in Belfast. Gaelic Irih Dont believe in cities.

Then the Vikings Came Around,
Started building boats and towns.

Why does everyone think slavery began in Anacreona#
Feudalism was slavery, slavery always was child abuse.
Theres no cruelty done to later slaves that was not inflicted on European serfs

Except the deadly ocean journey.

Viking raids led to similar ocean journeys. Sold white women to silk road slave trade network. Now the British invited in the same fellas as Grooming Gangs. Put the women in order.

Alexander the Greats silk road legacy#

Yeah the slave trade same as the Turkic peoples who would emerge from Ghengis Khan as well.

The Barbary Pirate Slavers were businessmen with clients in the Ottoman Empire, same slavery since before Rome was founded. Like the Africans who cant get out of their Domestic Jobs in Lebanon.

And that is called the labour market today

More or ess, they definitely see it that way. It was in a texas schoolbook that way.

Listen to tinfoil hat guy, a screw loose, mental.

Where is God in all this#

Everywhere present and filling all things.

You sound like a preacher.

The only one who can ever reach them, is the son of the preacher man.

I know I cant serve both God and Money.

But you forgot to wonder about it too much.

Son, you dont wanna do that.

Yes I do, b-word. Im going to punch white boys lights out for holding a sign that says end rapism. He talking shit about everybody.

You dont wanna do that because it will mean a skinny white man is the blackest man Anacreona has ever seen. For real. Brer Gabriel Son. Dont us black grandmothers deserve better than a skinny white handicapped man as a champion. Why ain;t you on our side#

Shut up b-word and let me see about my business.
This little punk been talking shit about everyone.

You dont wanna do that son, he is the Khan of the Black Panther Party, aka the Black Girl Magic Druid.

Boss, I asked around. Turns out some of the other ethnic groups see him as some kind of emperor.

Other ethnic groups#

Yeah, boss, like all of them.

But he just got a star above the eye...looked like a hit. Came with several other questionable features. A set up.
He just walked it off like it was nothing. ¥
He was holding up a protest sign.

Yeah, what did it say.

End Rapism.

Well, makes sense. Who did it#

The pimpdaddies, boss, Jimmy Walker.

God bless White Boy.

You ever read John Grisham,

Nah. Its about corruption, all the way up the ladder.

Fiction.

Yeah, definitely fiction, just like we arent really having this conversation.

No spark of truth.

None at all.

You know Hitler based his work on Early Anacreona.

I hear the Anacreonans ran their own concentration camp after WWII, with Nazi officers.

Indian Residential Schools and such were concentration camps and re-education camps. Kill the adults, save the children...

You gotta be kidding me...

The white Irish slave myth is debunked.

Gaelic Irish were slaved outta dublin in 841

cmon guy thats ancient history

aint nothing changed from our point of view
we want reparation for Éire, you have her locked up and are syphoning off her magic. You forgot about Ó Kieffes magic.
Totally repaired we want for Éire.

Youre just a communist.

Communists murdered the Catholics in Russia.

Youre just a socialist republican!

Republics are Hellenistic and Roman.

Ok Wren Boy!

I sure appreciate you making my case for me

Sad Fenian

He was never gonna roll with us.

Jokes on him.

Thatll show him.

I mean when you add it all up boss, youre right.
He Aint Kidding Around.

He keeps calling everyone ruining the world the bad attitude bad students in school.

A sheltered life.

Compared to most of us, yeah.
Maybe Joe Barboza was right. Maybe one church guy will take the whole loaf down someday.

Time to go to confession.

Yeah if there were any priess I could trust with my confession.

Boss, he said for that, just speak in generalities, get it off your chest.

Give it to God.

Give it to God.

Its the silence that kills us
Frozen up, lost buachaillín in Neverland
Its the pain that reveals us
Before you were white
you were Bravehearts clan

thats just the distant past

thats ethnocide

show me in the dictionary

your dictionary

know your place, tramp.

Come see the violence inherent in the system.
Help help Im being repressed.

What are you on about#

Its Monty Python. Its sketch comedy that makes people like you seem like shits.

British Comedy doesnt make people look bad.

Finally we agree.

We do#

Definitely.

So you agree Braveheart is long ago#

Yes I must have been wrong about William Wallace, thank you Governor Wallace.

Is that sarcasm#

No of course it isnt

Compliance will be rewarded.

Cut off one head eight grow back in its place.

Make history. It is what it is not what you want it to be.

A Gauntlet.

Exactly.

Through the ringer. Give him hell.

Like English language schools everywhere.

Wow, socialisation. Microagressions. That isnt what it is.

If you simply ignore the less fortunate you can say you right.

But Lawdy Lawdy Load still gonna come tumblin down

I name you Gabriel.

And the walls, come tumbling down.

Thats Cougar, you Gabriel.

Wha gwan, me fa gon chant down Babylon one more time.
Lovepreciate the Sistren.

The Irish for first Fasting day of the week is what you call Odins Day.

So your church in Ireland kept similar fasts to Coptic Egypt#

Wednesday, no meat, no alcohol, de ceadaoin [sp]

Odins Dy replaced christian fast day in Irish#

Makes you wonder who really won.

Jesus said a tree is known by its fruits, not by its flag.

Where did the wednesday fast go#

All the fasts became fish on fridays.
All the saints and holy martyrs became St. Patrick.

The lenten fast became give up some minor vice for lent.

Yes, and they removed the Christmas season Advent Fast as well

why did they take our fasting away#

cant serve two masters, you will love one and hate the other.

You cant serve God and money#

Everyone is required to serve Money then#

Once they remove the Sovereign., everyone is required to serve money.

The sovereign serves the common good, Tian Ming in chinese.

Without a sovereign there is no way to secure a common good#

Unless one person knows all the complaints, there is no commonality to good or to law at all, it is senseless.

Except to God who sees all and knows all.
Its called healthy Filial Piety, the root of honour.

What is#

Our connection to before,

You mean living in the past#

You can remember and still be in the present moment. Your enemies will remember the past they want you to forget.

So youre overthinking things.

Those who do not learn from the past are doomed to repeat its mistakes.

Maybe you arent hearing me. If you dont play along we cant work together.

Great and Holy Munster doesnt play along. We dont dance to your tune.

And you bring up your Banshee Tales again.

So, anything not regular is a Banshee Tale#

The weight of shame is the ugliest of anything
that any human being can feel

to me its all thats real, its all I know

The yoke of oppression
Its enough to drive you loco if you let it

we spend our lives puttng money into someone elses wallet

Ssssh, thats communist talk

I guess youre right.

The Power Transfer Partners of Anacreona put everything in place, theres nothing can defeat them now.

Not even laughter#

Laughter is communist now. It says so on the list.

Oh well, those were the days.

In Persia, we have a story of Alexander the Great.

When he took the empire 12,000 years ago

Yes, back then when he rose as Pharaoh.

He corresponded with a queen on the inside of the previous regime. When he won he killed her for what she thought she had to do to help.
What would you do#

I would avoid word games with Persians.

And where can a just man be found#

Three requirements of justice.

Ní hAnsa, judgment, measure, conscience.

And what is judgment

Ní hAnsa,the gift of discernment, fair play.
Measure is what MoZi calls necessity of standards.
Conscience si the wail of the keening woman. Like the myrrhbearing women keening dead Isho on the Cross.

And what is a hedge school#

Ní hAnsa, never heard of that.

What are the three waves of Éire#

Ní hAnsa, Heavy flow, medium flow, light flow.

You remember that little white boy gave Massa a real verbal lashing#

I hear a different story on every corner.

I heard he was some Irish Chieftain.

I heard he was a Haitian Warlord, A Duppy Conqueror.

Dayum.

He didnt know the meaning of being a loser.

A legend.

He made sure they miscalibrated every step they Nazi made.

I heard Black People didnt generally know Nazis killed black people also before he yelled it as only Sifu could.

He didnt just throw little rocks, he like throw word boulders.

Who did they get for Tyler Dyrden instead#

Looks like plans changed after Huan Di got to living.

The Anacreonans did have a civil war, but half were too smug to even notice.

Huan Di clarified the matters, using political verbal Kung Fu, like a real fool.

The Fool Cong Zi went to visit the Robber Zhi to assess his plans.
Robber Zhi was not fooled by Cong Zi. Cong Zhi was not fooled by Robber Zhi.

Decisiions had to be made. Cong Zi made it out alive.

Wassan Hao, Robber Zhi.

Three bodies in every city.
A dirty cop.
A high roller.
A gangster

No one can explain it, Boss.

Where did that loudmouth go#

Just disappeared boss.

Listen up kid, I aint your boss, I was never your Boss. Have a nice life.

Where you going#

To confession. Im feeling real Catholic right about now.

On earth as in Heaven#

They left the sheep without a shepherd, kid.
